CHAPTER V.

STATE BOARD OF PARK COMMISSIONERS AND STATE PARK COMMITTEE.

§ 10940. [8967-2.] Duties of State Board.

Said state board of park commissioners shall have authority to receive and accept donations of lands for state park purposes and shall have the management and control of all lands donated or acquired for state park purposes, and may from time to time recommend to the legislature the purchase or condemnation of lands for state purposes. [L. '13, p. 346, § 2.]

See supra, § 10768, duties devolve upon state parks committee.

See supra, § 10893, state park commissioners abolished.

§ 10941. Appointment of Secretary.

The state parks committee shall have the power to appoint and employ an executive secretary who shall have such powers and perform such duties as may be prescribed by the committee. [L. '21, p. 558, § 1.]

§ 10942. Powers of Committee.

The state parks committee shall have power:

(1) To have the care, charge, control and supervision of all parks and parkways heretofore or hereafter acquired or set aside by the state for park or parkway purposes.

(2) To plant trees along public highways in the nonforested or other area of the state, and to care for the same.

(3) To adopt, promulgate, issue and enforce rules and regulations pertaining to the use, care and administration of state parks and parkways. Every such rule and regulation shall become effective ten days after its adoption. The committee shall cause a copy of the rules and regulations to be kept posted in a conspicuous place in every state park to

which the same are applicable, but failure to post or keep any rule or regulation posted shall be no defense to any prosecution for the violation thereof.

(4) To permit the use of state parks and parkways by campers and the public generally under such rules and regulations as shall be prescribed as aforesaid.

(4½) To clear, drain, grade, seed and otherwise improve and or beautify any parks and parkways, and to erect structures, buildings, fireplaces, comfort stations and build and maintain paths, trails and roadways through and or on parks and parkways.

(5) To grant concessions in state parks and parkways, upon such rentals, fees or percentage of income or profits and for such terms, in no event longer than five years, and upon such conditions as shall be approved by the committee. No concession shall be granted which will prevent the public from having free access to the scenic attractions of any park or parkway, but the committee may in its discretion itself impose fees upon campers upon state parks and parkways. All fees received by the committee shall be deposited in the state park and parkway fund.

(6) To employ such assistance as it may deem necessary.

(7) To select and to purchase, lease or in any manner acquire for and in the name of the state of Washington such tracts of land, including shore and tide lands, for parks or parkway purposes as it shall deem proper, subject to the following provisions: (a) No tract, except tracts acquired by donation or bequest, and timbered tracts which abut upon a public highway, actually constructed or located or projected shall be acquired unless the acquisition thereof be specifically authorized by the legislature. (b) If the committee cannot acquire any tract which it is authorized to acquire, at a price it deems reasonable, then the committee is hereby vested with power to obtain title thereto, or any part thereof, by condemnation. Such condemnation shall be conducted by the attorney general and the proceedings therefor, in so far as practicable, shall be any which now is or may hereafter be authorized for the condemnation of rights of way for state highways.

(8) To co-operate or join with the United States, any county or counties, city or cities of this state, in any manner pertaining to the acquisition for park or parkway purposes of any area within this state not within the city limits of any city, and in the care, control or supervision of any park or parkway now or hereafter acquired which shall be so situated, and, when deemed advisable by the committee, to enter into any contract in writing with any such public organization or organizations, its or their officer or officers or board or boards, to that end. All parks or parkways, to the acquisition or improvement of which the state shall have contributed or in whose care, control or supervision the state shall participate pursuant to the provisions of this section, shall in so far as practicable be governed by the provisions of this act, including the penal provisions thereof.

(9) To investigate and report to the governor on or before the first day of January next preceding the regular session of the legislature regarding any proposed park or parkway, and in such report to make

recommendations respecting other regions in the state of Washington desirable for state park or parkway purposes, either on account of their historical interest, their natural beauty or otherwise. [L. '21, p. 558, § 2.]

§ 10943. Trust Moneys.

The state parks committee shall also have the power subject to approval of the legislature to receive in trust any money donated or bequeathed to it, and to carry out the terms, if any, of such donation or bequest, or, in the absence of such terms, to expend the same as it may deem advisable for park or parkway purposes. Money so received shall be deposited in the state treasury. [L. '21, p. 560, § 3.]

§ 10944. Withdrawal of Granted Lands from Sale.

Whereas the value of land with standing timber is increasing from year to year and will continue to increase, and no loss will be caused to the common school fund or other fund into which the proceeds of the sale of any land held by the state would be paid by postponing the sale of such lands, therefore, the commissioner of public lands may, upon his own motion, and shall, when directed so to do by the state parks committee, withdraw from sale any land held by the state abutting on any public highway and certify to the committee that such lands are withheld from sale pursuant to the terms of this act. Such lands withheld as aforesaid shall not be sold until directed by the legislature, and shall in the meantime be under the care, charge, control and supervision of the committee. [L. '21, p. 560, § 4.]

§ 10945. Withdrawal of Lands not Acquired from United States.

The commissioner of public lands may, upon his own motion, and shall, when directed so to do by the state parks committee, withdraw from sale any land held by the state and not acquired directly from the United States with reservations as to the manner of sale thereof and the purposes for which the same may be sold, and certify to said committee that such lands are withheld from sale pursuant to the terms of this act. All such lands shall be under the care, charge, control and supervision of the state parks committee, and any such lands may, after appraisal in such manner as the committee may direct, be exchanged for land of equal value abutting upon a public highway, and to this end the chairman and secretary of the committee are hereby authorized to execute deeds of conveyance in the name of the state of Washington. [L. '21, p. 561, § 5.]

§ 10946. Dedication of Public Parks, etc.

All state parks and parkways, subject to the provisions of this act, shall be and hereby are set apart and dedicated as public parks and parkways for the benefit and enjoyment of all of the people of this state. [L. '21, p. 561, § 6.]

§ 10947. Police Powers of Committee and Employees.

The members of the state parks committee and such of its employees as the committee shall designate shall be vested with police powers to enforce the laws of this state. [L. '21, p. 561, § 7.]

§ 10948. Violations and Penalty.

Every person who shall—

(1) Cut, break, injure, destroy, take or remove any tree, shrub, timber, plant or natural object in any park or parkway;

(2) Kill, cause to be killed, or pursue with intent to kill, any bird or animal in any park or parkway;

(3) Take any fish from the waters of any park or parkway, except in conformity with such general rules and regulations as state parks committee may prescribe;

(4) Willfully mutilate, injure, deface, or destroy any guidepost, notice, tablet, fence, inclosure or work for the protection or ornamentation of any park or parkway;

(6) Place within any park or parkway or affix to any object therein contained, without a written license from the state parks committee, any word, character or device designed to advertise any business, profession, article, thing, exhibition, matter or event;

(7) Violate any rule or regulation adopted, promulgated, or issued by the state parks committee pursuant to the provisions of this act;

Shall be guilty of a misdemeanor. [L. '21, p. 562, § 8.]

§ 10949. Records of State Board of Park Commissioners.

The state parks committee shall succeed to all the files and records of the heretofore existing state board of park commissioners. [L. '21, p. 563, § 9.]

§ 10950. Scope of Act.

Nothing herein contained shall be construed to repeal, by implication or otherwise, any existing criminal statute of this state. [L. '21, p. 563, § 10.]

§ 10951. Partial Validity.

In case any section or portion of this act shall be held to be unconstitutional or invalid, it shall not affect the remainder of the act. [L. '21, p. 563, § 11.]

CHAPTER VI.

CHAPTER VII.

JUDGES OF THE SUPREME COURT.

The supreme court: See supra, § 1 et seq.

§ 11035. [9040.] Election, Term of Office, etc.

The supreme court shall consist of five judges, who shall be elected by the qualified electors of the state at large at the general state election, at the time and places at which state officers are elected, next preceding the expiration of the term of office of their predecessors, respectively, and hold their offices for the term of six years from and after the second Monday in January next after their election: Provided, that the justices elected on the first Tuesday of October, 1889, shall have so classified or shall so classify themselves by lot, that two of them shall go out of office at the end of three years, two of them at the end of five years, and one at the end of seven years from the second Monday in January, 1890; and an entry of such classification shall have been or shall be made in the minutes of the court, signed by such judges, and they shall cause the result thereof to be certified to the secretary of state, and filed in his office. [L. '90, p. 321, § 1; 1 H. C., § 151.]

The number of judges was increased to seven by Laws of 1905, page 14, § 1; and to nine by the next section.

Cited in 29 Wash. 340, 346.

Constitution, Article IV, section 3, providing that the terms of judges elected to the supreme court shall be six years from and after the second Monday in January next succeeding their election, does not apply to a judge elected to fill a

vacancy for the remainder of the unexpired term, and a statute fixing the term of appointive judges for a period short of the succeeding general state election would not be in conflict therewith: State ex rel. Murphy v. McBride, 29 Wash..335, 70 Pac. 25.

§ 11036. [9041.] Number of Judges.

The supreme court, from and after the taking effect of this act, shall consist of nine judges. [L. '09, p. 33, § 1.]

Under Constitution, Article IV, section 2, providing for five judges of the supreme court, "a majority of whom shall be necessary to form a quorum," and which further provides that the legislature may increase the number of judges, "and may provide for separate departments," it was competent for the legislature, by this act, to increase the number to nine judges, and provide for two de-

partments of the court, consisting of five judges each, three of whom shall constitute a quorum for the transaction of business in a department; and a litigant is not entitled, as a matter of right, to a rehearing by the full court sitting en banc, authorized by section 4 of the act (section 9 of this code): State ex rel. Vanderveer v. Gormley, 53 Wash. 543, 102 Pac. 435.

§ 11037. [9042.] Time of Election—First Five Judges.

There shall be elected by the qualified electors of this state, on the first Tuesday after the first Monday in November, 1894, and on the first Tuesday after the first Monday in November every two years thereafter, as many judges of the supreme court as there may be judges of said court whose terms of office shall expire on the second Monday in January next succeeding such election. [L. '93, p. 8, § 1.]

§ 11038. [9042½.] Time of Election—First Two Additional Judges.

At the election of judges for the term commencing from and after the second Monday in January, 1909, three judges shall be elected for the full term of six years and likewise every six years thereafter. [L. '05, p. 14, § 3.]

§ 11039. [9043.] Time of Election—Terms.

At the next general election, and at each biennial general election thereafter, there shall be elected three judges of the supreme court, to hold for the full term of six years, and until their successors are elected and qualified, commencing with the second Monday in January succeeding their election. [L. '09, p. 33, § 2; L. '11, p. 613, § 1.]

§ 11040. [9043-1.] Election to Fill Vacancy—Commencement of Term.

A person elected judge of the supreme court to fill a vacancy for an unexpired term shall not qualify for office until the second Monday in January succeeding his election. [L. '11, p. 614, § 2.]

Cited in 93 Wash. 255.

This section may be sustained as a limitation within which a judge elected to fill a vacancy shall qualify, but not

as a legislative construction of the Constitution: State ex rel. Sears v. Gilliam, 93 Wash. 248, 160 Pac. 757.

§ 11041. [9044.] Chief Justice, Choice of—Duty.

The judge having the shortest term to serve, not holding his office by appointment or election to fill a vacancy, shall be the chief justice, and shall preside at all sessions of the supreme court, and in case there shall be two judges having in like manner the same short term, the other judges of the supreme court shall determine which of them shall be chief justice, and in case of the absence of the chief justice, the judge having in like manner the shortest or next shortest term to serve shall preside. [L. '90, p. 321, § 2; 1 H. C., § 152.]

§ 11042. [9045.] Report to Governor.

The judges of the supreme court shall, on or before the first day of January of each year, report in writing to the governor such defects and omissions in the laws as they may believe to exist. [L. '90, p. 324, § 16; 1 H. C., § 155.]

§ 11043. [9046.] Oath of Judges.

The several judges of the supreme court, before entering upon the duties of their office, shall take and subscribe the following oath or affirmation: "I do solemnly swear (or affirm, as the case may be) that

I will support the Constitution of the United States and the Constitution of the state of Washington, and that I will faithfully and impartially discharge the duties of the office of judge of the supreme court of the state of Washington to the best of my ability." Which oath or affirmation may be administered by any person authorized to administer oaths, a certificate whereof shall be affixed thereto by the person administering the oath. And the oath or affirmation so certified shall be filed in the office of the secretary of state. [L. '90, p. 324, § 14; 1 H. C., § 156.]

As to jurisdiction and general powers of the supreme court, see *supra*, § 1 et seq. For proceedings in the supreme court on appeals, see *supra*, § 1716 et seq.

§ 11044. [9047.] Vacancy—How Filled.

If a vacancy occur[s] in the office of a judge of the supreme court, the governor shall appoint a person to hold the office until the election and qualification of a judge to fill the vacancy, which election shall take place at the next succeeding general election at which a judge or judges of the supreme court shall be elected, and the judge so elected may qualify at any time within thirty days after his election, and shall hold the office for the unexpired term. [L. '90, p. 321, § 3; 1 H. C., § 153; L. '93, p. 8, § 2.]

CORPORATE RIGHTS.

§ 11082. [9080.] Franchise—By Whom Granted—Application—Hearing.

The legislative authority of the city or town having control of any public street or road, or where such street or road is not within the limits of any incorporated city or town, then the board of county commissioners wherein such road or street is situated, may grant authority for the construction, maintenance and operation of electric railroads or railways, motor railroads or railways and railroads and railways of which the motive power is any power other than steam, together with such poles, wires and other appurtenances upon, over, along and across any such public street or road and in granting such authority the legislative authority of such city or town or the board of county commissioners, as the case may be, may prescribe the terms and conditions on which such railroads or railways and their appurtenances shall be constructed, maintained and operated upon, over, along and across such road or street, and the grade or elevation at which the same shall be maintained and operated: Provided, that hereafter, on application being made to the board of county commissioners for such authority, the board shall fix a time and place for hearing the same, and shall cause the county auditor to give public notice thereof at the expense of the applicant, by posting written or printed notices in three public places in the county seat of the county, and in at least one conspicuous place on the road or street or part thereof, for which application is made, at least thirty days before the day fixed for such hearing, and by publishing a like notice three times in some daily newspaper published in the county, or if no daily newspaper is published in the county, then the newspaper doing the county printing, the last publication to be at least five days before the day fixed for such hearing, which notice shall state the name or names of the applicant or applicants, a description of the roads or streets or parts thereof for which the application is made, and the time and place fixed for the hearing. Such hearing may be adjourned from time to time

by order of the board. If, after such hearing, the board shall deem it to be for the public interest to grant such authority in whole or in part, the board may make and enter the proper order granting the authority applied for or such part thereof as the board deems to be for the public interest, and shall require such railroad or railway and its appurtenances to be placed in such location on or along the road or street as the board finds will cause the least interference with other uses of the road or street. In case any such railroad or railway, is or shall be located in part on private right of way, the owner thereof shall have the right to construct and operate the same across any county road or county street which intersects such private right of way, if such crossing is so constructed and maintained as to do no unnecessary damage: Provided, that any person or corporation constructing such crossing or operating such railroad or railway on or along such county road or public street shall be liable to the county for all necessary expense incurred in restoring such county road or public street to a suitable condition for travel. [L. '03, p. 364, § 1; L. '07, p. 192, § 1.]

Power to alter streets, change grades and exercise general control over streets does not include the power to surrender the use of any part of the surface thereof: State ex rel. Schade Brewing Co. v. Superior Court, 62 Wash. 96, 113 Pac. 576.

Power to authorize the location of a railroad "in" a street does not imply or

mean power to grant an exclusive right to use the street: State ex rel. Schade Brewing Co. v. Superior Court, 62 Wash. 96, 113 Pac. 576.

This section authorizes the city, by clear and unmistakable language, to grant a franchise giving a street railway company the right to build a track on a trestle in a portion of the street, excluding the public therefrom, upon condemnation of the abutter's easements of access, light and air, under the next section: State ex rel. This section, authorizing railroads to cross highways, has no reference to the maintenance of crossings and does not affect the common-law duty to keep the crossing in reasonable repair: Bullock v.

Yakima Valley Transp. Co., 108 Wash. 413, 184 Pac. 641, 187 Pac. 410.

Duty to Operate: See Remington's Digest, St. R. R., § 9; State ex rel. Grinsfelder v. Spokane St. Ry. Co., 19 Wash. 518, 53 Pac. 719, 67 Am. St. Rep. 739, 41 L. R. A. 515; Wood v. Seattle, 23 Wash. 1, 62 Pac. 135, 52 L. R. A. 369.

This section empowering county commissioners to grant franchises for railway systems upon public roads outside the limits of incorporated cities and towns and to prescribe the terms and conditions on which they may be enjoyed does not expressly or by implication confer power upon the commissioners to consent to an abandonment of any public duty imposed upon or assumed by common carriers: Day v. § 11083. [9081.] Right of Eminent Domain.

Every corporation incorporated or that may hereafter be incorporated under the laws of this state, or of any other state or territory of the United States and doing business in this state for the purpose of operating railroads or railways by electric power, shall have the right to appropriate real estate and other property for right of way or for any corporate purpose, in the same manner and under the same procedure as now is or may hereafter be provided by law in the case of ordinary railroad corporations authorized by the laws of this state to exercise the right of eminent domain: Provided, that such right of eminent domain shall not be exercised with respect to any public road or street until the location of the electric railroad or railway thereon has been authorized in accordance with section 11082. [L. '03, p. 366, § 2. Cf. L. '99, p. 147, § 1.]

For electric light and power company: See § 5432.

Cited in 42 Wash. 641; 67 Wash. 12, 16.

Under this section a street railway company may condemn land not adjacent to its right of way, for the purpose of developing a water power to create the power of the system, the public being directly interested in such use as a means of acquiring cheap transportation: State ex rel. Harlan v. Centralia etc. Co., 42

Wash. 632, 85 Pac. 344, 7 L. R. A. (N. S.) 198.

Taking of land for street railway as a public use. 22 L. R. A. (N. S.) 134.

Priority of right to land as between conflicting street railway condemnors. 9 Ann. Cas. 690.

§ 11084. [9082.] Right to Lease or Purchase Other Lines.

Any corporation incorporated or that may hereafter be incorporated under the laws of this state or any state or territory of the United States, for the purpose of constructing, owning or operating railroads or railways by electric power, may lease or purchase and operate (except in cases where such lease or purchase is prohibited by the Constitution of this state) the whole or any part of the electric railroad or electric railway, of any other corporation heretofore or hereafter constructed, together with the franchises, powers, immunities and all other property or appurtenances appertaining thereto: Provided, that such lease or purchase has been or shall be consented to by stockholders of record holding at least two-thirds in amount of the capital stock of the lessor or grantor corporation; and all such leases and purchases heretofore made or entered into by consent of stockholders as aforesaid are for all intents and purposes hereby ratified and confirmed, saving, however, any vested rights of private parties. [L. '03, p. 366, § 3.]

Lease by electric light or power company: See supra, § 5431.

§ 11085. [9083.] Right of Survey.

Every such corporation shall have the right to enter upon any land between the termini of the proposed lines for the purpose of examining, locating and surveying such lines, doing no unnecessary damage thereby. [L. '99, p. 147, § 2.]

The validity and the present force of this section is doubtful. It refers to electric railways and power transmission lines, but as to the latter, it seems repealed by L. '03, p. 362, § 4. As to electric lines, it may be repealed by L. '03, p. 366, § 4.

Under this section such corporations are thereby vested with legal capacity to prosecute proceedings for the appropri-

tion of private property for a right of way: State ex rel. Smith v. Superior Court, 30 Wash. 219, 70 Pac. 484.

§ 11086. Consolidation of Companies.

With the consent of the majority in interest of their shareholders, two or more corporations operating street railway lines within or in the suburbs of the same municipality, may amalgamate their businesses and properties by consolidation, sale, lease, or other appropriate means, and either by conveyance to a third corporation or one to the other. "Credits" are not property and this section exempting the same is valid: State ex rel. Wolfe v. Parmenter, 50 Wash. 164, 96 Pac. 1047, 19 L. R. A. (N. S.) 707.

Mortgages, accounts, certificates of deposit, judgments, state, county and municipal bonds and warrants, may all be classed as "credits" in the listing of

property for taxation, but "moneys" cannot be so classed: State ex rel. Wolfe v. Parmenter, 50 Wash. 164, 96 Pac. 1047, 19 L. R. A. (N. S.) 707.

Deduction of Indebtedness: See Remington's Digest, Tax., §§ 62, 63; Newport v. Mudgett, 18 Wash. 271, 51 Pac. 466; Barnes v. Flummerfelt, 21 Wash. 498, 57 Pac. 575.

This section is unconstitutional in so far as it exempts from taxation ships or vessels whose situs is within this state, when they are used exclusively in trade between this state and other states and territories of the United States, or foreign countries: Pacific Cold Storage Co. v. Pierce County, 85 Wash. 626, 149 Pac. 34.

This section, exempting "moneys" from taxation, violates the constitutional requirement that all property be taxed: State ex rel. Wolfe v. Parmenter, 50 Wash. 164, 96 Pac. 1047, 19 L. R. A. (N. S.) 707.

The unconstitutionality of this section in so far as it exempts moneys from taxation does not affect the constitutionality of its other provisions exempting credits:

Where a leasehold interest in state lands is subject to a bonded indebtedness against improvements which revert to the state, so that it has no real market value, its valuation for the purposes of taxation must be measured by both its burdens and its benefits; and an assessment based on gross income or benefits alone is excessive: Metropolitan Building Co. v. King County, 72 Wash. 47, 129 Pac. 883.

A lease of a railroad right of way and line for nine hundred and ninety-nine years would not constitute the lessee an owner of the land or of an interest in the railway, since the ownership of the fee still inheres in the lessor (although the period of the term substantially amounts to a grant in perpetuity): State ex rel. Hellar v. Jackson, 82 Wash. 351, 144 Pac. 48.

§ 11101. [9095.] Standing Timber—Personalty.

Standing timber owned separately from the ownership of the land upon which the same may stand or be growing, for the purposes of assessment and taxation shall be considered and is hereby declared to be personal property. [L. '07, p. 206, § 2.]

CHAPTER III.

LISTING AND ASSESSMENT OF PROPERTY.

In cities: See chapters XIV and XV, §§ 11318—11337.

§ 11109. [9101.] Realty Listed Biennially—Personalty Annually.

All real property in this state subject to taxation shall be listed and assessed under the provisions of this chapter in the year 1900 and biennially thereafter on every even-numbered year, with reference to its value on the first day of March preceding the assessment. All personal property in this state subject to taxation shall be listed and assessed every year with reference to its value on the first day of March preceding the assessment: Provided, that the assessed value of all real property in this state as fixed by the assessment of 1897 shall be the assessed value until the year 1900: Provided further, that real estate becoming subject to taxation since the last assessment, and improvements upon real estate made since the last assessment, shall be assessed and included in the assessment list and tax-roll in every odd-numbered year: And provided further, that the destruction or removal of improvements since the last preceding assessment shall be duly noted by the county assessor, and the assessment and tax-rolls herein provided made to conform to such changes: Provided further, that all real estate subject to taxation shall be listed by the assessor each year in the detailed and assessment list, and in each odd-numbered year the valuation of each tract for taxation shall be the same as the valuation thereof as equalized by the county board of equalization in the preceding year. He shall also complete the duties of listing and placing valuations on all property by May 31st

He shall make an alphabetical list of the names of all persons in his county liable to assessment of personal property, and require each person to make a correct list and statement of such property according to the prescribed form, which statement and list shall be subscribed and sworn to by the person listing the property, and the assessor shall thereupon determine the value of the property included in such statement and enter the same in assessment-books opposite the name of the party assessed; and in making such entry in his assessment list, he shall give the name and postoffice address of the party listing the property, and if the party reside in a city the assessor shall give the street and number or other brief description of his residence or place of business. The assessor shall call at the office, place of doing business or residence of each person required by this chapter to list property, and list his name, and shall require such person to make a correct statement of his taxable property, in accordance with the provisions of this chapter; and every person so required shall enter a true and correct statement of such property in the form prescribed, which statement shall be signed and verified by the oath of the person listing the property, and shall deliver to the assessor, who shall thereupon assess the value of such property and enter the same in his books: Provided, if any property is listed or assessed on or after the fourth Monday of May, and before the return of the assessor's books, the same shall be legal and binding as if listed and assessed before that time: Provided further, that if from any reason the assessor shall fail to visit any such person, firm or corporation, said failure shall not impair or invalidate such assessment. The assessor, upon his own motion, or upon the application of any taxpayer, shall enter in the detail and assessment list of the current year, any property shown to have been omitted from the assessment list of any preceding year, at the valuation of that year, or if not then valued, at such valuation as the assessors shall determine from the preceding

§ 11113. [9104.] List of Sick or Absent Persons.

If any person required by this chapter to list property shall be sick or absent when the assessor calls for a list of his property, the assessor shall leave at the office, or usual place of residence or business of each person, a written or printed notice requiring such person to make out and leave at the place named by said assessor, on or before some convenient day named therein, the statement or list required by this chapter. The date of leaving such notice and the name of the person required to list the property, shall be noted by the assessor in his assessment book. [L. '93, p. 344, § 50; L. '97, p. 158, § 49.]

§ 11114. [9105.] Return "Refusal to List," etc.

In every case where any person whose duty it is to list personal property for taxation has refused or neglected to list the same when called on by the assessor for that purpose, or to take and subscribe an oath in regard to the truth of his statement of personal property, or any part thereof, when required by the assessor, the assessor shall enter opposite the name of such person, in an appropriate column, the words "refused to list," or "refused to swear," as the case may be; and in every case where any person required to list property for taxation has been absent or unable from sickness to list the same, the assessor shall list the property of such person and enter opposite the name of such person, in an appropriate column, the words "absent or sick." The assessor is hereby authorized to administer oaths to all persons who, by the provisions of this chapter are required to swear, or whom he may require to testify in any case, and he may examine upon oath any person whom he may suppose to have knowledge of the amount or value of the personal property of any person refusing to list or to verify his list of personal property. The assessor shall report to the county board of equalization all cases where the owner or agent of property assessed was, at the time of assessment, either absent or sick, or refused to make a sworn statement in reference thereto. [L. '93, p. 344, § 51; L. '97, p. 159, § 50.]

§ 11115. [9106.] School and Road Districts to be Entered in Roll.

It shall be the duty of assessors, when assessing real or personal property, to designate the number of the school district and road district in which each person and each description of property assessed is

liable for tax, which designation shall be made by writing the number of the districts opposite each assessment, in a column provided for that purpose in the detail and assessment list. When the real and personal property of any person is assessable in several school districts and road districts, the amount in each shall be assessed on separate detail and assessment lists, and all property assessable in incorporated cities shall be assessed in consecutive books, where more than one book is necessary, and separate from outside property and separately, and the name of the owner, if known, together with his postoffice address, placed opposite each amount. [L. '93, p. 344, § 52; L. '97, p. 159, § 51.]

§ 11116. [9107.] Map of School and Road Districts.

The county commissioners of each county shall furnish the assessor with a map of the county, showing the boundaries of each road and school district therein numbered. And the board of county commissioners, in fixing, changing or revising the boundaries of any road district or districts, shall, wherever practicable, make the boundaries of such district or districts conform to the boundaries of the school district nearest coincident thereto, to the end that the several school and road districts in each county shall correspond in territory one with the other: Provided, that any road district may include more than one school district. [Cf. L. '93, p. 345, § 53; L. '97, p. 160, § 52.]

See supra, § 6472, establishment of road districts.

§ 11117. [9108.] Failure to Obtain List of Personalty.

In all cases of a failure to obtain a statement of personal property, from any cause, it shall be the duty of the assessor to ascertain the amount and value of such property and assess the same at such amount as he believes to be the true value thereof. The assessor, when requested, shall deliver to the person assessed a copy of the statement of property hereinbefore required, showing the valuation of the property so listed, which copy shall be signed by the assessor. [L. '93, p. 345, § 54; L. '97, p. 160, § 53.]

§ 11118. [9109.] Footings of Lists.

The assessor shall add up and note the amount of each column in his detail and assessment lists, which he shall have bound in book form. He shall also make, under proper headings, a tabular statement showing the footings of the several columns upon each page, and shall add and set down under the respective headings the total amounts of each column, which he shall attach to the highest numbered assessment-book, and on or before the first Monday in August he shall file the same, properly indexed, with the clerk of the county board of equalization for the purpose of equalization by the said board. Such returns shall be verified by his affidavit, substantially in the following form:—

State of Washington, }
 — County, } ss.

I, —, assessor of —, do solemnly swear that the books No. 1 to No. —, to the last of which this is attached, contain a correct and full list of all the real property (or personal property, as the case may be) subject to taxation in — county, so far as I have been able to ascertain the same; and that the assessed value set down in the proper column, opposite the several kinds and descriptions of property, is in each case the true and fair value of such property, to the best of my knowledge and belief, and that the footings of the several columns in said books, and the tabular statement returned herewith, are correct, as I verily believe.

— —, Assessor.

Subscribed and sworn to before me this — day of —, 18—.

[L. S.]

— —,
 Auditor of — County:

Provided, that the failure of the assessor to attach his certificate shall in nowise invalidate the assessment. After the same has been duly equalized by the county and state board of equalization, the same shall be delivered to the county auditor, who shall then extend the amount as levied by the state and county boards upon the said detail and assessment lists as by law provided. § 11119. [9110.] Parties may Return Lists to Auditor, When.

If any person required to list property for taxation is prevented by sickness or absence from giving to the assessor such statement, such person or his agent having charge of such property, may, at any time before the close of the session of the board of equalization, make out and deliver to said board a statement of the same as required by this chapter, and the board shall, in such case, make an entry thereof, and correct the corresponding item or items in the return made by the assessor, as the case may require; but no such statement shall be received by the said board from any person who refused or neglected to make oath to his statement when required by the assessor as provided herein; nor from any person unless he makes and files with the said board an affidavit that he was absent from his county, without design to avoid the listing of his property, or was prevented by sickness from giving the assessor the required statement when called on for that purpose. [L. '93, p. 346, § 56; L. '97, p. 161, § 55.]

"This chapter": See note to § 11099.

§ 11120. [9111.] Addition of Omitted Property.

The county auditor shall carefully examine the assessment-books when returned to him by the assessor, and if he discovers that the assessment of any property has been omitted, shall enter the same upon the proper list and forthwith notify the assessor making such omission, who shall immediately proceed to ascertain the value thereof and correct

his original return; in case of the inability or neglect of the assessor to perform his duty, the auditor shall ascertain the value of such property and make the necessary corrections. [L. '93, p. 346, § 57; L. '97, p. 161, § 56.]

§ 11121. [9112.*]—Assessment upon Fifty Per Cent of True Value.

All property shall be assessed fifty per cent of its true and fair value in money. In determining the true and fair value of real or personal property, the assessor shall not adopt a lower or different standard of value because the same is to serve as a basis of taxation; nor shall he adopt as a criterion of value the price for which the said property would sell at auction, or at a forced sale, or in the aggregate with all the property in the town or district; but he shall value each article or description of property by itself, and at such time or price as he believes the same to be fairly worth in money at the time such assessment is made. The true cash value of property shall be that value at which the property would be taken in payment of a just debt from a solvent debtor. In assessing any tract or lot of real property, the value of the land, exclusive of improvements, shall be determined; also, the value of all improvements and structures thereon and the aggregate value of the property, including all structures and other improvements, excluding the value of crops growing on cultivated lands. In valuing any real property on which there is a coal or other mine, or stone or other quarry, the same shall be valued at such price as such property, including the mine or quarry, would sell at a fair, voluntary sale for cash. Taxable leasehold estates shall be valued at such a price as they would bring at a fair, voluntary sale for cash. [L. '19, p. 393, § 4; L. '13, p. 438, § 1. Cf. L. '93, p. 341, § 44; L. '97, p. 155, § 42.]

An assessment of coal lands at from five dollars to fifteen dollars per acre for coal values is not void as arbitrary and without the exercise of discretion, where the deputy making the assessment made

an investigation on the land and based his judgment thereon and on information gained from coal owners, miners and prospectors: Washington Union Coal Co. v. Thurston County, 105 Wash. 208, 177 Pac. 744, 2 A. L. R. 1546.

Coal mining property surrounding a proven mine may be given an assessed valuation as such where there is reason to find and believe that it has coal values: Washington Union Coal Co. v. Thurston County, 105 Wash. 208, 177 Pac. 744, 2 A. L. R. 1546.

An assessment for taxation is so excessive as to be constructively fraudulent, where like property on four sides was assessed only one-fourth to one-seventh as much, and the assessor employed a minimum rate without considering the fair market value, which other evidence showed was only one-fifth as much as the assessment: Titlow v. Pierce County, 108 Wash. 633, 185 Pac. 575.

Where the assessing officers have adopted as a measure of value for assess-

ments sixty per cent of the market value, and uniformly applied it, an assessment on a specified tract, conclusively shown to be in excess of that amount, cannot be sustained by reference to this section, prior to amendment requiring all property to be assessed at its cost value: **Savage v. Pierce County**, 68 Wash. 623, 123 Pac. 1088.

§ 11122. [9113.] Realty, How Listed.

The assessor shall list all real property according to the largest legal subdivision as near as practicable. The assessor shall make out in the plat and description book in numerical order a complete list of all lands or lots subject to taxation, showing the names and owners, if to him known, and if unknown, so stated; the number of acres and lots or parts of lots included in each description of property and the value per acre or lot: Provided, that the assessor shall give to each tract of land where described by metes and bounds a number, to be designated as Tax No. — which said number shall be placed on the tax-rolls to indicate that certain piece of real estate bearing such number, and described by metes and bounds in the plat and description book herein mentioned, and it shall not be necessary to enter a description by metes and bounds on the tax-roll of the county, and the assessor's plat and description book shall be kept as a part of the tax collector's records: And provided further, that the board of county commissioners of any county may by order direct that the property be listed numerically according to lots and blocks or section, township and range, in the smallest platted or government subdivision, and when so listed the value of each block, lot or tract, the value of the improvements thereon and the total value thereof, including improvements thereon, shall be extended after the description of each lot, block or tract, which last extension shall be in the column headed "Total value of each tract, lot or block of land assessed with improvements as returned by the assessor." In carrying the values of said property into the column representing the equalized value thereof, the county auditor shall include and carry over in one item the equalized valuation of all lots in one block, or land in one section, listed consecutively, which belong to any one person, firm or corporation, and are situated within the same road or school district or municipal corporation, and in the assessed value of which the county board of equalization has made no change. Where assessed valuations are changed, the equalized valuation must be extended and shown by item. The detail and assessment lists and blanks shall be in readiness for delivery to the assessors on the third Monday of January of each year. [L. '01, p. 167, § 1. Cf. L. '93, p. 341, § 45; L. § 11150. Mines and Claims—Taxation Authorized.

All mines and mining claims, both placer and rock in place, containing or bearing gold, silver, copper, lead or other valuable mineral or metal deposits, which mining claims are acquired or held under the lode or placer mining laws of the United States after purchase thereof from the United States shall be taxed at the price paid the United States therefor unless the surface ground or mining claim is used for other than mining purposes and has a separate and independent value for such other purposes, in which case said surface ground or any part thereof so used for other than mining purposes shall be taxed at its value for such other purposes. Unpatented mining claims shall not be taxed, but the surface improvements thereon shall be taxed in the same manner as other improvements of like character and the net proceeds thereof shall be taxed as herein provided. All machinery used in mining and all property and surface improvements upon mines or mining claims, which have a value separate and independent of such mines or mining claims and the net annual proceeds of all mines and mining claims shall be taxed: Provided, that nothing in this act contained must be construed so as to exempt from taxation improvements, buildings, erections, structures or machinery placed upon any mining claim or used in connection therewith. [L. '21, p. 401, § 1.]

§ 11151. "Net Profits" Defined.

The term "net profits" as employed in this act means the amount of money received from the mining of said materials or metals from any mine or mining claim after the deduction of the actual expenditure of money for labor in and about extracting metals and minerals from the mine or mining claim and transporting the same to the mill, concentrator, smelter or reduction works and the reduction thereof and the conversion of the same into money or its equivalent, and also the deduction of all moneys expended for necessary labor, machinery and supplies needed and used in the mining operations, for the improvements necessary in and about the mine or mining claim, for reducing ores, for the construction of mills and reduction works used and operated in connection with the mine, or mining claim, for transporting the ore and for extracting the metals and minerals therefrom; but the money invested in the mine or improvements made during any year except the year immediately preceding such statement must not be included therein. Such expenditures shall not include the salaries or any portion thereof of any person or officer not actually engaged in the working of the mine or personally superintending the management thereof. [L. '21, p. 402, § 2.]

§ 11152. Annual Statement Covering Mining Operations.

Every person, corporation or association, engaged in mining gold, silver, copper, lead or other precious and valuable minerals or metals, or mineral or metal deposits, must between the first day of January and the first day of March in each year, make out a statement of production, costs and of the net profits derived from the mining of said metals or minerals, from each mine or mining claim owned or worked by such person, or from each group of mines or mining claims worked by a common system of development, during the year preceding the first day of January. Such statement must be verified by the oath of such person, or superintendent or managing agent of such corporation or association, who must deliver the same to the assessor of the county in which such mines are situated. [L. '21, p. 403, § 3.]

§ 11153. Operation of Several Claims Under One System.

Where the same person or company or association is operating two or more mining claims under one general system of mining or development, the product of which group of mines is mingled and treated as one mining operation, the statement of the owner provided herein to be made, and the assessment provided herein to be made by the assessor, shall be made as to such entire group, and need not be made as to each particular mining claim constituting such group. [L. '21, p. 403, § 4.]

§ 11154. Punishment for False Statement.

If anyone herein required to make a statement, shall knowingly and willfully swear to any false statement contained therein then such

person shall be guilty of perjury, and shall be prosecuted and punished as provided for in other cases of perjury. [L. '21, p. 403, § 5.]

§ 11155. Powers and Duties of Assessor.

The assessor, after such statement has been rendered, shall have the right to examine the books and accounts of any person, corporation or association engaged in mining as mentioned in this chapter, in order to verify the statement made by such person, corporation or association, and if from such examination he finds such statement false, he must assess the net proceeds in the same manner as if no statement had been made and delivered, by making an estimate from the best sources within his reach, and if satisfied that the false statement was intentionally made, he shall add as a penalty therefor, to the amount of the net proceeds so found, fifty per cent thereof, which amount thus increased shall constitute the sum upon which the taxes must be levied, and collected, and such assessment shall be binding, effectual and lawful, and the value so fixed by the assessor shall not be reduced by the county board of equalization, but is subject to review by action brought in the superior court therefor.

All information derived from any examination of the books and accounts made pursuant to this chapter by the assessor, or anyone acting for him or representing him, shall be deemed to be and held as confidential communications not to be communicated to any other person by the person making such examination, or anyone to whom the knowledge of such examination or facts therein disclosed shall come; except when it becomes necessary as the part of the performance of the public duty of such person to disclose the same in any proceeding affecting the validity of said assessment or taxation, or for the prosecution for perjury of the person required to make the statement mentioned in this chapter. Any person or officer making such disclosures or violating such confidence, except as herein provided, shall be deemed guilty of a felony, and upon conviction thereof shall be removed from office and punished as in case of other felonies. [L. '21, p. 403, § 6.]

§ 11156. Failure to Furnish Statement.

If any person, corporation or association, engaged in mining as mentioned in this chapter, refuses or neglects to make and deliver to the assessor of the county where the mines are located, the statement mentioned in this chapter, such assessor must list the amount of said tax in the manner provided by the law for the assessment of other property where no statement is furnished. [L. '21, p. 405, § 7.]

§ 11157. Assessment-book.

The assessor must prepare at the time of the preparation of the general assessment-book, another assessment-book called the "Assessment-book of the Net Profits of Mines," alphabetically arranged, in which must be specified in separate columns and under appropriate heads:

1. The name of the owner or owners of the mines;
2. The name, description and location of the mine;

3. The number of tons extracted during the year;
 4. The gross yield or value in dollars and cents;
 5. The actual cost of extracting the same from the mine;
 6. The actual cost of transportation to the place of reduction or sale;
 7. The actual cost of reduction or sale;
 8. The cost of construction of betterments and repairs of mines and
 9. The net profits in dollars;
- reduction works during the year;
10. The total amount of taxes. [L. '21, p. 405, § 8.]

§ 11158. Laws Applicable.

The duties of the assessor, county auditor, state board of equalization, and the county board of equalization, as to the assessment of the net profits of mines, the statements and returns to be made, the equalization thereof, and other official acts, are the same as those provided by the laws of the state for the assessment of other property. [L. '21, p. 405, § 9.]

§ 11159. Rate of Assessment—Collection.

All property herein specified to be taxed shall be assessed at the same rate as is other property in the county where said property is situated. The taxes mentioned herein must be collected and payment thereof enforced in the same manner as the collection and enforcement of other taxes are provided for by law and every such tax is a lien upon the mine or mining claim or where the net profits thereof are the product of a group of mining claims operated by the same person or persons or corporation shall be a lien upon all of the mining claims included in said group. Said lien attaches at the same time as is provided for the attachment of the lien of taxes upon other property in this state and the sale thereof for delinquent taxes shall be made in the same manner as is provided by law for the sale of real estate: Provided, that on unpatented mining claims only the surface improvements thereon shall be assessed and only such surface improvements can be subjected to the lien of said taxes and such surface improvements on unpatented mining claims shall be sold in the same manner as is provided for the sale of personal property for taxes. [L. '21, p. 405, § 10.]

The board, on or before the first day of March and the first day of June, in each year, according to their best knowledge and judgment, shall ascertain and determine the true cash value of the property of each railroad company within this state. Every such company shall be en-

No company shall be allowed in any action or proceeding to question the amount or valuation of its property as assessed by the board unless such company shall have made and filed with such board a full and complete report of the facts and information prescribed by section 11194, and called for by the board thereunder, provided the refusal or neglect of such company to file the report in time may on application of the company and for good cause shown be excused by the board on condition that such company shall make a full and complete report of all facts and information mentioned in said section 11194 within fifteen days after notice by mail of the amount of the preliminary

valuation of the property of such company and shall appear before the board before the time for the final hearing and make a full disclosure of all property liable to assessment and taxation under this act and show the value of such property to the satisfaction of the board. [L. '07, p. 249, § 7.]

§ 11197. [9178.] Hearing—Assessment-roll, etc.

The board on or between the first day of April and the first day of July in each year, according to their best knowledge and judgment shall ascertain and determine the true cash value of the property of each company within the state. Every such company shall be entitled on its own motion to a preliminary hearing and to present evidence before such board at any time on or between the first and fifteenth days of June relating to the value of the property of such company, or to the value of the general property of the state. On request in writing for such hearing or presentation, the board shall appoint a time and place therefor within the period aforesaid; the same to be conducted in such manner as the board shall direct. Such preliminary hearing shall not impair or affect the right to the further hearing provided for in section 11200 [11199]. The value of the property of a company for assessment shall be made on the same basis and for the same period of time as near as may be as the value of the general property of the state is ascertained and determined. The board shall prepare an assessment-roll and place thereon after the name of each company assessed, the following general description of the property of such company, to wit: "Real estate, right of way, poles, wires, cables, devices, appliances, instruments, franchises and all other real and personal property of said company," which shall be deemed and held to include the entire property and franchises of such company within the state, and all title and interest therein. For the purpose of determining the true cash value of the property of each company, appearing on the assessment-roll, the board may, if deemed necessary, view and inspect the property of such company and shall consider the reports filed in compliance with this act, and the reports and returns of the company filed in the office of any officer of this state, and such other evidence or information as may have been taken or obtained bearing upon the true cash value of the property of the company assessed. In case the companies which own or operate lines lying partly within or partly without the state, the said board shall only value and assess the property within the state. In determining the value of the portion within the state the board may take into consideration the value of the entire system, the mileage of the whole system and of the part within this state, together with such other information, facts and circumstances as will enable the board to make a substantially just and correct determination. When the true cash value of the property of a company within this state shall have been ascertained and determined, the amount thereof shall be entered upon the assessment-roll opposite the name of the company and shall be, and constitute, the assessment of the entire property of such company within this state for the levy of taxes thereon, subject to review and correction,

as hereinafter provided. The board shall thereupon give notice by mail to each company assessed of the amount of its assessment as entered upon such roll. [L. '07, p. 250, § 8.]

[L. '07, p. 251, § 9.]

"Act": See note to § 11191.

§ 11199. [9180.] Equalization of Assessment.

The assessment-rolls of telegraph companies shall, by said state board of tax commissioners, be submitted to the state board of equalization at its annual meeting held for the purpose of equalizing the assessment valuation of the taxable property of the state; and any telegraph company interested shall have the right to appear and be heard as to the assessment of the property of such company, and as to the value and assessment of the general property of the state, and the said board of equalization may, on application or of its own motion, correct the valuation or assessment of the property of such company, in such manner as may in its judgment make the valuation thereof just and relatively equal with the valuation of the general property of the state. The assessed valuation of the property of any telegraph company as it appears on such rolls, shall not be increased without notice to the company by registered letter, that such increase is contemplated, and fixing a time for a hearing in relation thereto. [L. '07, p. 251, § 10.]

See notes to §§ 11160 and 11169.

§ 11200. [9181.*] Apportionment to Counties, Cities, etc.

Upon the completion of the equalization of the property of the telegraph companies and other property in the state by the state board of equalization, it shall be the duty of the state board of equalization to apportion the value of the properties of such telegraph companies to the county or counties through or into which the lines thereof may extend according to the value thereof in such proportion to the entire value as the length of the line in each county may bear to the entire length of line within the state computed on a wire mileage basis, which valuation, together with a description of the property assessed, giving the name of the company, the length of line and wire mileage in said county, shall be certified by said board to the county assessor of the proper county. The county assessor shall in like manner distribute the value so certified by him to the several cities, towns, road districts, school districts, and other taxing districts in his county entitled to a proportionate value thereof, and each assessment so apportioned shall be placed upon the tax-rolls of said county, and the taxes extended against the same as against

In case of any property belonging to a foreign estate, which estate, in whole or in part, is liable to pay a collateral inheritance tax in this state, the said tax shall be assessed upon the market value of said property remaining after the payment of such debts and expenses as are chargeable to the property under the laws of this state. In the event that the executor, administrator or trustee of such foreign estate files with the clerk of the court having ancillary jurisdiction and with the state board of tax commissioners duly certified statements exhibiting the true market value of the entire [e]state of the decedent owner, and the indebtedness for which the said estate has been adjudged liable, which statements shall be duly attested by the judge of the court having original jurisdiction, the beneficiaries of said estate shall then be entitled to have deducted such proportion of the said indebtedness of the decedent from the value of the property, as the value of the property within this state bears to the value of the entire estate. [L. '01, p. 69, § 4; L. '07, p. 501, § 3.]

Section 5 of the Laws of 1901 was repealed by Laws of 1907, page 504, § 11.

**§ 11205. [9188.*] Appraisement of Life Estates and Estates for Years—
Removal of Lien of Tax.**

Whenever the estate of a deceased person shall be subject to an inheritance tax, and there shall be an annuity, life estate or an estate for a term of years given to one or more persons and the remainder to another or others, the entire estate shall be appraised as other estates are required to be appraised by the laws of this state. The value of the annuity, life or term estate shall be determined according to the rules or standards of mortality and of value commonly used in actuaries' combined experience tables on the basis of four per cent annual interest, and the value of the remainder shall be determined by deducting the amount found to be the value of the annuity, life or term estate from the whole estate. After the values shall have been determined as provided in this section, the tax shall be computed and collected in the same manner that the tax on other estates is computed and collected: Provided, however, that any person or persons owning the beneficial interest in the remainder may defer the payment of the tax thereon until they come into possession of the same by filing in the office of the county clerk within thirty days after the determination of the tax, a good and sufficient bond to the state of Washington in a sum equal to the amount of the tax, conditioned that they will pay such tax in full within sixty days after coming into possession of the estate. Said bond shall not operate to defer payment of the tax unless it be approved by the court, and if it shall appear to the judge of said court at any time that a bond previously filed and approved has become insufficient he may require a new bond to be filed. If the person or persons owning the beneficial interest in the remainder shall fail to file a bond within the time herein provided, or if they shall fail to file a new bond when directed by the court, the tax shall immediately become due and payable. The state insurance commissioner is hereby directed to obtain and publish for the use of courts and appraisers throughout the state tables showing the average expectancy of life and the values of annuities and of life and term estates. [L. '17, p. 594, § 2; L. '01, p. 70, § 8.]

§ 11206. Trust Estates—Computation of Tax—Estates in Expectancy and for Life.

When property is transferred in trust or otherwise and the rights, interests or estates of the transferees are dependent upon contingencies or conditions whereby they may be wholly or in part created, defeated, extended or abridged, such property shall be appraised at its clear market value immediately upon the transfer or as soon thereafter as practicable and a tax shall be imposed upon such transfer at the lowest rate which on the happening of any of said contingencies or conditions would be possible under the provisions of this act and such tax so imposed shall be due and payable in the same manner as other taxes under this chapter: Provided, however, that on the happening of any contingency or condition whereby the said property or any part thereof is transferred to a person or corporation which, under the provisions of this act is required to pay a tax at a higher rate than the tax imposed then such transferee

shall pay the difference between the tax imposed and the tax at the higher rate, and the amount of such increased tax shall accrue and become due and payable when the person or corporation beneficially entitled thereto shall come into actual possession or enjoyment thereof.

Estates in expectancy which are contingent or defeasible and in which proceedings for determination of the tax have not been taken or where the taxation thereof has been held in abeyance shall be appraised at their full undiminished clear value when the persons entitled thereto shall come into the beneficial enjoyment or possession thereof without diminution for or on account of any valuation theretofore made of the particular estates for purposes of taxation upon which said estates in expectancy may have been limited. Where an estate for life or for years can be divested by the act or omission of the legatee or devisee, it shall be taxed as if there were no possibility of such divesting. [L. '17, p. 595, § 4.]

§ 11207. [9189.] Devise to Executor in Lieu of Commission — Excess Liable.

Whenever a decedent appoints one or more executors or trustees and in lieu of their allowance or commission, makes a bequest or devise of property to them which would otherwise be liable to said tax, or appoints them his residuary legatees, and said bequests, devises, or residuary legacies exceed what would be a reasonable compensation for their services, such excess shall be liable to such tax, and the court having jurisdiction of their accounts, upon its own motion, or on the application of the state board of tax commissioners, shall fix such compensation. [L. '01, p. 72, § 9; L. '07, p. 502, § 5.]

§ 11208. [9100.] When Heir or Devisee shall Pay Tax on Legacy.

Whenever any legacies subject to said tax are charged upon or payable out of any real estate, the heir or devisee, before paying the legacies, shall deduct said tax therefrom and pay it to the executor, administrator, trustee or state treasurer, and the same shall remain a charge and be a lien upon said real estate until it is paid; and payment thereof shall be enforced by the executor, administrator, trustee or state board of tax commissioners, in the same manner as the payment of the legacy itself could be enforced. All taxes imposed by this act shall take effect and accrue upon the death of the decedent or donor. If such tax is not paid within fifteen months from the accruing thereof, interest shall be charged and collected at the rate of eight per centum per annum unless by reason of necessary litigation such tax cannot be determined and paid as herein provided, in which case interest at the rate of eight per centum per annum shall be charged upon such tax from and after the time the cause of such delay is removed. In all cases where a bond shall be given under the provisions of section 11217 [11205] interest shall be charged at the rate of eight per centum per annum from and after a period of sixty days from the time that the person or persons owning the beneficial interest come into the possession of same until the payment thereof. § 11211. [9193.*] Appraisers—Appointment, Duty, etc., of—Objections to Appraisement.

The superior court, having jurisdiction, shall appoint three suitable, disinterested persons to appraise the estate and effects of deceased persons for inheritance tax purposes, and unless otherwise provided by order of the court, the appraisers appointed under the probate law to appraise the estate and effects of deceased persons, shall be and constitute the appraisers under the provisions of this act. The state tax commissioner or any person interested in the estate appraised, may file exceptions to the appraisement, which shall be heard and determined by the court having jurisdiction in probate of the estate involved. If, upon the hearing, the court finds the amount at which the property is appraised is its market value and the appraisement was fairly and in good faith made, it shall approve such appraisement; but if it finds that the appraisement was made at a greater or less sum than the market value of the property, or that the same was not fairly or in good faith made, it shall set aside the appraisement and determine such value. The state tax commissioner, or anyone interested in the property appraised, may appeal to the supreme court from the order of the superior court in the premises. [L. '19, p. 52, § 1; L. No safe deposit company, bank or other institution, person or persons, holding any securities, property or assets of any nonresident decedent, shall deliver or transfer the same to any nonresident executor, administrator or representative of such decedent, until after a notice in writing of the time and place of such transfer shall have been duly given the state board of tax commissioners at least ten (10) days prior thereto, and the tax imposed by this chapter paid thereon, and every such safe deposit company, bank or other institution, person or persons, shall be liable for the payment of such tax. § 11214. [9196.] Extension of Time When Estate Complicated.

Whenever, by reason of the complicated nature of an estate, or by reason of the confused condition of the decedent's affairs, it is [impracticable] for the executor, administrator, trustee or beneficiary of said estate to file with the clerk of the court a full, complete and itemized inventory of the personal assets belonging to the estate, within the time required by statute for filing inventories of the estates, the court may, upon the application of such representatives or parties in interest, extend the time for the filing of the appraisement for a period not to exceed three months beyond the time fixed by law. [L. '01, p. 74, § 16.]

§ 11215. [9197.] Compromise, When Value of Estate Doubtful.

Whenever an estate charged, or sought to be charged with the inheritance tax, is of such a nature, or is so disposed, that the liability of the estate is doubtful, or the value thereof cannot, with reasonable cer-

tainty, be ascertained under the provisions of law, the state board of tax commissioners may compromise with the beneficiaries or representatives of such estates, and compound the tax thereon; but said settlement must be approved by the superior court having jurisdiction of the estate, and after such approval, the payment of the amount of the taxes so agreed upon shall discharge the lien against the property of the estate. § 11216. Determination of Tax Without Administration.

When any person dies leaving property within the jurisdiction of the state of Washington, which shall pass by the statutes of inheritance of this or any other state, or by deed, grant, sale or gift made in contemplation of the death of the grantor or donor, or by deed, grant, sale or gift made or intended to take effect in possession or in enjoyment after the death of the grantor or donor, to any person in trust or otherwise, and there has been no application for letters of administration of the estate of such deceased person, or when administration of any estate has been completed without an adjudication of the inheritance tax, the liability of such property for the payment of an inheritance tax may be determined without administration in the manner hereinafter provided.

When any person interested in such property shall deem the same not subject to an inheritance tax, or when he admits the liability for such tax but desires to adjust the same, he may file a petition in the superior court of the proper county to determine the questions arising under the inheritance tax statutes. Such petition shall contain the name and date of death of decedent, the description and estimated value of all property involved, the names and places of residence of all persons interested in the same, and such other facts as are necessary to give the court jurisdiction. The court shall thereupon set a day for hearing said petition and a copy thereof, together with a notice of the time and place of such hearing, shall be served by the petitioner or his attorney upon the state board of tax commissioners and on each person interested in said property, at least twenty days before the date of hearing, if served personally, and if served by publication the service shall be the same as the service of summons by publication in civil actions.

The court shall hear said matter upon the relation of the parties, the testimony of witnesses and evidence produced in open court, and, if it shall be found that the property is not subject to any tax, the court shall make and enter an order determining that fact; but, if it shall appear that the whole or any part of said property is subject to a tax, the same shall be appraised and the tax levied and collected as in other cases. An adjudication by the superior court, as herein provided, shall be conclusive as to the lien of said tax, subject to the right of appeal to the supreme court allowed by the laws of the state. [L. '17, p. 596, § 5.]

Administrators, executors and trustees of the estates subject to the inheritance tax shall, when demanded by the state board of tax commis-

sioners, send such board certified copies of such parts of their reports as may be demanded by it or any member thereof, and upon refusal of said parties to comply with such demand, it is the duty of the clerk of the court to furnish such copies, and the expense of making the same shall be charged against the estate as are other costs in probate. And it shall be the duty of the state board of tax commissioners to exercise general supervision of the collection of the inheritance taxes provided in this chapter, and in the discharge of such duty the state board of tax commissioners, or any member thereof, may institute and prosecute such suits or proceedings in the courts of the state as may be necessary and proper, appearing therein for such purpose; and it shall be the duty of the several county attorneys to render assistance therein when called upon by such board so to do. The said board shall keep a record in which shall be entered a memoranda of all the proceedings had in each case, and shall also keep an itemized account showing the amount of such taxes collected, in detail, charging the state treasurer therewith. CHAPTER IX.

EQUALIZATION OF ASSESSMENTS.

§ 11219. [9200.] County Board of Equalization—Duties—Auditor as Clerk.

The county commissioners, the county assessor and the county treasurer or a majority of them, shall form a board for the equalization of the assessment of the property of the county. They shall meet in open session for this purpose annually on the first Monday in August at the office of the county assessor, who shall act as clerk of said board, and, having each taken an oath fairly and impartially to perform their duties as members of such board, they shall examine and compare the returns of the assessment of the property of the county and proceed to equalize the same, so that each tract or lot of real property and each article or class of personal property shall be entered on the assessment list at its true and fair value, according to the measure of value used by the county assessor in such assessment year, and subject to the following rules:

First. They shall raise the valuation of each tract or lot of real property which in their opinion is returned below its true and fair value to such price or sum as they believe to be the true and fair value thereof, after at least five days' notice shall have been given in writing to the owner or agent.

Second. They shall reduce the valuation of each tract or lot which in their opinion is returned above its true and fair value to such price or sum as they believe to be the true and fair value thereof.

Third. They shall raise the valuation of each class of personal property which in their opinion is returned below its true and fair value to such price or sum as they believe to be the true and fair value thereof, and they shall raise the aggregate value of the personal property of each individual whenever they believe that such aggregate value is less than the true valuation of the taxable personal property possessed by such individual to such sum or amount as they believe to be the true value thereof, after at least five days' notice shall have been given in writing to the owner or agent thereof.

Fourth. They shall, upon complaint in writing of any party aggrieved, being a nonresident of the county in which his property is assessed, reduce the valuation of each class of personal property enumerated in section 11137 aforesaid, which in their opinion is returned above its true and fair value, to such price or sum as they believe to be the true and fair value thereof; and, upon like complaint, they shall reduce the aggregate valuation of the personal property of such individuals who, in their opinion, have been assessed at too large a sum, to such sum or amount as they believe was the true and fair value of his personal property.

The county assessor shall keep an accurate journal or record of the proceedings and orders of said board in a book kept for that purpose, showing the facts and evidence upon which their action is based, and the said record shall be published the same as other proceedings of

county commissioners, and shall make a true record of the changes of the descriptions and assessed values ordered by the county board of equalization. Having corrected the real and personal assessment-rolls in accordance with the changes made by the said county board of equalization, he shall make duplicate abstracts of such corrected values, one copy of which shall be retained in his office, and one copy forwarded to the state auditor on or before the first Monday in September next following the meeting of the county board of equalization.

The county board of equalization may continue in session and adjourn from time to time during three weeks, and shall remain in session not less than three days, commencing on the first Monday in August: Provided, that no taxes, except special taxes, shall be extended upon the tax-rolls until the property valuations are equalized by the state board of equalization for the purpose of raising the state revenue.

The county assessor shall make a record of all errors in descriptions, double assessments, or manifest errors in assessment appearing on the assessment-list at the time of the extension of the rolls, and after duly verifying the same, file said record with the county board of equalization on the third Monday in November next succeeding the annual meeting of the county board of equalization. The county board of equalization shall reconvene on such day for the sole purpose of considering such errors in description, double assessments, or manifest errors appearing on the assessment-list at the time of the extension of the rolls, and shall proceed to correct the same, but said board shall have no authority to change the assessed valuation of the property of any person, or to reduce the aggregate amount of the assessed valuation of the taxable property of the county, except only in so far as the same may be affected by the corrections ordered based on the record submitted by the county assessor. "Act" applies to §§ 11224, 11225, 11237, 11241, *infra*.

§ 11221. [9203.] Record of Changes and Abstract of Tax-roll.

The county auditor shall make due record of the changes of the descriptions and assessed values determined by the county board of equalization, and make corrections accordingly. Having made such corrections of the real and personal lists, or both, as the case may be, he shall make duplicate abstracts of such corrected values, one copy of which he shall file in his office, and one copy he shall forward to the auditor of state on or before the first Monday of September following each county equali-

zation. The county auditor shall, also, on or before the fifteenth day of January in each year, make out and transmit to the auditor of state, in such form as may be prescribed, a complete abstract of the tax-rolls of the county, showing the number of acres of land assessed, the value of such land, including the structures thereon; the value of town and city lots, including structures; the total value of all taxable personal property in the county; the aggregate amount of all taxable property in the county; the total amount as equalized, and the total amount of taxes levied in the county for state, county, town and all other purposes, for that year. Should the auditor of any county fail to transmit to the state auditor the first abstract provided for in this section by the time the state board of equalization convenes, and if, by reason of such failure to transmit such abstract, any county shall fail to collect and pay to the state its due proportion of the state tax for any year, the state board of equalization shall, at its next annual session, ascertain what amount of state tax said county has failed to collect, and the state auditor shall charge the amount to the proper county and notify the auditor of said county of the amount of said charge; said sum shall be due and payable immediately by warrant in favor of the state on the general county fund of said county. [L. '93, p. 348, § 60; L. '97, p. 163, § 59.]

§ 11222. [9204.*] Duties of State Board of Equalization.

The state auditor, the commissioner of public lands and the state tax commissioner shall constitute the state board of equalization. The state auditor shall be president of the board, and the state tax commissioner shall be secretary thereof. The board shall remain in session not to exceed twenty (20) days; may adjourn from day to day, and employ such clerical assistance as may be deemed necessary to facilitate its labors: Provided, that the expense of such board shall not exceed the sum of seven hundred fifty dollars (\$750) in any one year. The said board shall meet annually, on the first Tuesday in September, at the office of the state tax commissioner, and shall examine and compare the returns of the assessment of the property in the several counties of the state, and proceed to equalize the same, so that each county in the state shall pay its due and just proportion of the taxes for state purposes for such assessment year, according to the ratio the valuation of the property in each county bears to the total valuation of all property in the state.

First. They shall classify all property, real and personal, and shall raise and lower the valuation of any class of property in any county to a value that shall be equal and uniform, so far as possible, in every part of the state, for the purpose of ascertaining the just amount of tax due from each county for state purposes.

Second. The secretary shall keep a full record of the proceedings of the board, and the same shall be published annually by said state tax commissioner.

Third. They shall have authority to adopt the rules and regulations for the government of the board, and to enforce obedience to its orders

in all matters in relation to the returns of county assessments, and the equalization of values by said board.

The said board of equalization shall apportion the amount of tax for state purposes as required by law to be raised in the state among the several counties therein, in proportion to the valuation of the taxable property therein for the year as equalized by the board, and shall also ascertain the gross amounts justly due from each county for military, state bond interest, and state bond sinking fund taxes, at rates and limitations fixed by law. It shall be the duty of the county assessor in each county when he shall have received the report of the state auditor, as provided in section 11224, to determine the rates per cent necessary to raise the taxes required for state purposes as determined by the state board of equalization, and place the same on the tax rolls of the county as provided by law. When the state board complete their equalization, the auditor of state shall transmit to each county auditor a transcript of the proceedings of the board, within ten days after said board adjourns, specifying the amount to be levied and collected on said assessment-books for state purposes for such year, and in addition thereto he shall certify to each county auditor the amount due to each fund and unpaid from such county for the seventh preceding year, commencing with the tax levied for the year 1892. Every succeeding year thereafter the delinquent state taxes shall be so certified to the county auditors, and this sum shall be added to the amount levied for the current year. The state auditor shall close the account of each county for the seventh preceding year and charge the amount of such delinquency to the tax levy of the current year. All taxes collected on and after the first day of July last preceding such certificate, on account of delinquent state taxes for the seventh preceding year, shall belong to the county and by the county treasurer be credited to the county current expense fund of the county in which collected. The county auditor shall compute the required per centum on the valuation thereof, as it stands after the same has been equalized by the county board of equalization, and shall extend such taxes in the proper columns

§ 11231. [9210.] Hearings—Levy of Tax.

It shall be the duty of county commissioners, city and town councils, and of school directors of school districts, lying wholly, or in part, within the limits of any incorporated city or town, to meet on the first Monday in October, and at the time and place designated in said notice, when and where any taxpayer who may appear shall be heard in favor or against any proposed tax levies. When such hearings shall have been concluded, such county commissioners, city or town councils, and school directors, shall proceed to make, determine, and decide the amount of taxes to be levied upon the current assessment-rolls. All taxes shall be levied or voted in specific sums, and shall not exceed the amount specified in such published estimates. [L. '09, p. 532, § 3.]

Cited in 113 Wash. 336, 337, 344, 345.

§ 11232. [9211.*] Limitation on Incurrence of County and City Indebtedness.

It shall be unlawful for the county commissioners, or any city council or city commission, or any public officer or employee of a county or city, to contract indebtedness or incur any liability in behalf of his or their county or city during any current fiscal year more than two per centum in excess of the revenues provided for such year at the public hearing held as required by section 11231 unless authorized by a majority vote of the electors of the city or county at a general or special election, and any indebtedness contracted or liability incurred in violation hereof shall be void: Provided, that nothing herein contained shall be held to modify or change the limitations prescribed by section 6417, or by any law limiting the debts of any taxing district to an amount based on a percentage of the assessed valuation thereof. [L. '17, p. 581, § 1; L. '09, p. 532, § 4.]

§ 11233. Applicability of Act.

None of the requirements of section 11232 shall apply to any city having a population of over one hundred and four thousand, according to the federal census, or to a city having similar current revenue charter provisions. [L. '17, p. 582, § 2.]

§ 11234. [9212.*] Taxes, How Levied—Delinquencies, How Applied.

All county taxes shall be levied or voted in specific amounts, and the rates per centum shall be determined from the amount of property as equalized by the county board of equalization each year, except such general taxes as may be definitely fixed by law. The amount of state tax shall be levied by the state board of equalization and the rate be

ascertained by the several county auditors on the valuation in their respective counties: Provided, that the amount levied in any one year shall not, for general state purposes, exceed five mills on a dollar, property valuation of the entire state. The amount of levy, as determined annually by the state board, shall be certified by the auditor of state to each county auditor on or before the last Monday of September of each year. The county taxes shall be levied by the county commissioners between the first and second Mondays of October of each year. The tax for payment of county current expenses shall be based upon an itemized statement of the estimated county expenses for the ensuing fiscal year, which statement shall be included in the published proceedings of the said board, and no greater levy of county tax shall be made upon the taxable property of any county than will be equal to the amount of such estimated expenses, with an excess of fifteen per cent of the same. The tax for the payment of county indebtedness shall be based upon the indebtedness of the county, taking into consideration the amount of unpaid taxes, interest and penalty thereon, and all other assets applicable to the payment of such indebtedness: Provided, that this shall not be construed to affect any existing provisions of law relating to the levy of taxes for payment of any funded or bonded indebtedness or the interest thereon. The rate per centum of all taxes, except the state tax and such other taxes, the rates of which may be fixed by law or the county commissioners, shall be calculated and fixed by the county auditor according to the limitations hereinafter prescribed: Provided, that all collections made on and after the first day of February, 1898, for delinquent county taxes for the year 1896 and prior years, be credited to the county indebtedness fund, and with the taxes collected from the levy for payment of county indebtedness shall be paid and applied upon the county indebtedness outstanding on said first day of February, 1898, the payment of which is not otherwise provided for by law, and on and after said first day of February, 1898, all salaries, court expenses, and all other current expenses of the county shall be paid out of money collected from the levy of taxes for payment of county current expenses: And provided further, that all revenues other than taxes accruing to the county after the first day of February, 1898, and payable under laws enacted heretofore into the "general" or "county fund" or "salary fund," shall be paid into said county current expense fund. § 11236. [9214.] Auditor to Extend Tax-rolls.

The rate per cent necessary to raise the required amount of the total tax for state, county indebtedness, county current expense, road, bridge, school, special school and incorporated cities, and all other county, school, municipal and state purposes, shall be computed on the assessed valuation as equalized by the county board of equalization as a whole, under the head of consolidated tax. The rate

per cent necessary to raise the required amount of any special district tax shall be computed as to the attested valuation of property within such district, as equalized by the county board of equalization; all taxes assessed against any property shall be added together and carried to the total column. In extending any tax, whenever it amounts to a fractional part of a cent greater than five mills, it shall be made one cent, and whenever it amounts to five mills or less than five mills, it shall be dropped. The amount of all taxes shall be entered in the proper columns, as shown by entering the rate per cent of consolidated tax and of such special tax at the head of the proper columns; on the first day of each month the county treasurer shall distribute pro rata, according to the rate of levy for each fund, the amount collected as consolidated tax during the preceding month, and shall certify the same to the county auditor. Any person, firm, corporation or company, or agent thereof, having in his or their employ persons liable to pay a poll tax as herein provided, shall, before making to any such person any payment of wages or salary after the first day of May of each year, require of such person satisfactory proof that he or she has paid the poll tax herein required, and, in the event that such proof is not furnished, such person, firm, corporation or company, or agent thereof, shall deduct from the wages or salary due and owing to each of such employees the sum of the poll tax for which such employee is then liable and to pay the same to the county treasurer, on behalf of such employee. Upon the neglect or refusal of any such person or persons to pay said poll tax the sheriff shall collect the same by seizure and sale of any property owned by such person or persons, and no property shall be exempt from seizure hereunder, and any such property seized shall be sold or caused to be sold by the sheriff after ten days' notice given, the same as in notices of sale under execution, to pay the said tax and the costs of seizure and sale. [L. '21, p. 676, § 5.]

On the first Monday of January of each year the county treasurer shall balance up the tax-rolls in his hands and with which he stands charged on the roll of accounts of the county auditor. He shall then report to the county auditor in full the amount of taxes he has collected and specify the amount collected on each fund. The county auditor shall thereupon proceed to compare the stub tax receipts of the treasurer with the treasurer's tax-rolls and the collection register submitted to him, and shall note if the tax-rolls are properly marked opposite each tract or tax with the date and number of the treasurer's receipt that he gave in discharge of any tax, if same is properly entered to the credit of each tract or tax described in such receipt, and if the description, amount, names and numbers and funds agree. The auditor shall also compare such receipts with the treasurer's cash-book or collection register, upon which he is required to post them, and if properly credited to the several funds, and also coincides in all respects with the tax-rolls. He shall then test the footings upon the treasurer's collection register to see that no errors have been made or frauds perpetrated. He shall then satisfy himself that the collections of the interests required to be added after taxes have become delinquent have been collected and properly accounted for, and if so to charge the treasurer with the same. If the treasurer's receipts in all respects are correct and true, and the collections fully and properly accounted for on the same, the auditor shall enter the credits and debits upon the treasurer's roll accounts and properly balance the same up to

§ 11273. [9236.] Duty of Transient Venders of Merchandise.

Whenever any person, firm or corporation shall, subsequent to the first day of March of any year, bring or send into any county any stock of goods or merchandise to be sold or disposed of in a place of business temporarily occupied for their sale, without the intention of engaging in permanent trade in such place, the owner, consignee or person in charge of the said goods or merchandise shall immediately notify the county assessor, and thereupon the assessor shall at once proceed to value the said stock of goods and merchandise at its true value, and upon such valuation the said owner, consignee or person in charge shall pay to the collector of taxes a tax at the rate assessed for state, county and local purposes in the taxing district in the year then current. And it shall not be lawful to sell or dispose of any such goods or merchandise as aforesaid in such taxing district until the assessor shall have been so notified as aforesaid and the tax assessed thereon paid to the collector. Every person, firm or corporation bringing into any county of this state goods or merchandise after the first day of March shall be deemed subject to the provisions of this section. [L. In case any such owner, consignee or person in charge of such stock of goods and merchandise as is mentioned in the foregoing section, shall fail or neglect to notify the proper assessor, or to pay the said tax as herein required, or shall proceed to sell or dispose of such stock, or any portion thereof, before the payment of the tax levied on account thereof, the owner of such goods or merchandise shall forfeit to such taxing district a sum equal to twice the amount of tax assessable as aforesaid on account of such stock. Such forfeiture may be recovered in the same manner as delinquent personal property tax in any court having jurisdiction to the amount thereof, and in such action the said penalty shall be preferred before all other debts or claims. Any mistake in the name of the owner of the said goods or merchandise shall not affect the right to recover such penalty. [L. '97, p. 176, § 85.]

§ 11275. [9238.] Duty of Treasurer in Cases of Fraud or Omission in Returns.

If the county treasurer has reason to believe or is informed that any person has given to the county assessor a false statement of his personal property, or that the county assessor has not returned the full amount of personal property required to be listed in his county, or has omitted or made erroneous return of any property which is by law subject to taxation, or if it shall come to his knowledge that there is personal property which has not been listed for taxation for the current year, he shall prepare a record setting out the facts with reference to the same and file such record with the county board of equalization at its meeting on the third Monday in April, and for this purpose it is authorized and empowered to issue compulsory process and to require the attendance of any person having knowledge of the articles or value of the property erroneously or fraudulently returned, and to examine such person on oath in relation to the statement [or] return of assessment, and the board of equalization shall in all such cases notify every such person affected before making a finding, so that such person may have an opportunity of showing that his statement or the return of the assessor is correct.

The county treasurer shall also make a record, setting forth the facts relating to such manifest errors in description, double assessments, clerical errors in extending the rolls, and such manifest errors in the listing of property which do not involve a revaluation of property such as the assessment of property exempted by law from taxation or the failure to deduct the exemption allowed by law to the head of a family as shall come to his attention after the rolls shall have been turned to him for collection.

The county board of equalization shall reconvene on the third Monday in April for the sole purpose of considering such matters as shall appear in the record filed with it by the county treasurer, and shall only correct such matters as set forth in such record, but it shall have no power to change or alter the assessment of any person, or change the aggregate value of the taxable property of the county, except in so

-far as it is necessary to correct the errors hereinbefore mentioned. The board shall make findings of the facts upon which it bases its decision on all matters submitted to it, and when so made the assessment and levy shall have the same force as made in the first instance, and the county treasurer shall proceed to collect the taxes due on the rolls as modified. [L. '15, p. 345, § 2. Cf. L. '93, p. 361, § 89; L. '95, p. 520, § 22; L. '97, p. 177, § 86.]

he acts without or in excess of his jurisdiction, prohibition will lie against him: State ex rel. Lewis v. Hogg, 22 Wash. 646, 62 Pac. 143.

§ 11276. [9238-1.] No Change in Values or Commuting of Tax.

That boards of county commissioners shall at no time have any authority to change the valuation of the property of any person or to release or commute in whole or in part the taxes due on the property of any person. [L. '15, p. 347, § 3.]

§ 11277. [9239.] Erroneous Proceedings not to Defeat Tax—Relisting, etc.

If any tax heretofore or hereafter levied on any property liable to taxation is prevented from being collected for any year or years, by reason of any erroneous proceeding, or other cause, the amount of such tax which such property should have paid shall be added to the tax on such property for the next succeeding year, and if any tax is adjudged void for want of form or manner of procedure on the part of the taxing officers, the county commissioners shall cause such property to be placed on the assessment and tax-roll of the current year, to be collected as other taxes of that year are collected: Provided, there shall be if necessary a relisting, reassessment and a relevy of the proper tax in the manner and by the person now authorized by law to list property and levy and assess a tax: Provided further, that such relisting, relevying and sale shall take place within five years from the date such tax would have been delinquent, had such property been properly listed, assessed and tax levied thereon: Provided further, that if the question is raised in the courts as to the legality of such tax then said five years shall not commence to run until such question is finally determined by such court or courts. § 11278. [9240.] Exemptions of Realty Designated.

At the time of making the assessment of real property, the assessor shall enter each description of property exempt under the provisions of section 11104, and value and list the same in the manner and subject to the same rule as he is required to assess all other property, designating in each case to whom such property belongs, and for what purpose used, to entitle it to exemption, and he shall require from every person claiming such exemption proof of the right to such exemption. [Cf. L. '93, p. 362, § 91; L. '97, p. 178, § 88.]

§ 11279. [9241.] Penalty.

Every county auditor, county assessor and county treasurer who in any case refuses or knowingly neglects to perform any duty enjoined on him by this chapter, or who consents or connives at any evasion of its provisions whereby any proceeding herein provided for is prevented or hindered; whereby any property required to be listed for taxation is unlawfully exempted, or the valuation thereof is entered on the tax-roll at less than its true cash value shall, for every such neglect, refusal, consent or connivance, forfeit and pay to the state not less than two hundred nor more than one thousand dollars, at the discretion of the court, to be recovered before any court of competent jurisdiction upon the complaint of any citizen who is a taxpayer; and the county attorney shall prosecute such suit to judgment and execution. [L. '93, p. 362, § 92; L. '97, p. 178, § 89.]

[L. '93, p. 362, § 93; L. '97, p. 179, § 90.]

§ 11281. [9243.] List of Public Lands Sold to be Obtained.

The assessor of each county shall, on or before the first day of March of each year, obtain from the commissioner of public lands, and from the local land offices of the state, lists of public lands sold or contracted to be sold during the previous year in his county, and certify them for taxation, together with the various classes of state lands sold during the same year, and it shall be the duty of the commissioner of public lands to certify a list or lists of all public lands sold or contracted to be sold during the previous year, on application of the assessor of any county applying therefor. [Cf. L. '93, p. 363, § 94; L. '97, p. 179, § 91.]

§ 11282. [9244.] Blanks and Forms to be Prescribed by State Auditor, etc.

The auditor of state shall prescribe the forms of all blanks and books required under the provisions of this chapter, and, except as hereinafter provided, shall have all detail lists, schedules, assessment and tax books to be used in connection with the assessment and collection of the public revenue printed and, when necessary, bound at the expense of the state, and furnished in sufficient size and quantities to the several counties as may be required: Provided, that in preparing tax-rolls the state auditor shall follow, substantially, the following form: [See Form A, p. 3197.]

And provided further, that counties may provide their own assessment and tax-books and blanks, the expense of such books and blanks to be paid by the county. In which case the form of the assessment or tax-roll may be substantially as follows: [See Form B, page 3198.] And in that event, the county assessor shall list the property upon the assessment or tax-roll in this section provided for, and said assessment or tax-roll, together with the detail lists, shall be delivered to the county board of equalization, in the same manner and under the same certificate hereinbefore required for the detail lists, and the county board of equalization shall equalize the values of, and the county auditor shall extend the taxes levied upon the equalized valuation of said property, upon said rolls in the manner provided for in the proviso in section 11122, and such equalization and extension shall be deemed to be in lieu of and take the place of the equalization and extension herein otherwise provided for to be made upon the detail lists. The detail and assessment lists and blanks shall be in readiness for delivery to the assessor on the first Monday of March in each year. The state auditor shall decide all questions that may arise in reference to the true construction or interpretation of this chapter, or any part thereof, in connection with the advice and opinion of the attorney general of the state, and such decision shall have force and effect until annulled by the judgment or decree of a court of competent jurisdiction. § 11283. [9245.] Personal Tax Charged to Realty, How—Abbreviations.

When it becomes necessary, in the opinion of the county treasurer, to charge the tax on personal property against real property, in order that such personal property tax may be collected, such county treasurer shall select for that purpose some particular tract or lots of real property owned by the person owing such personal property tax, and in his tax-roll and certificate of delinquency shall designate the particular tract or lots of real property against which such personal property tax is charged, and such real estate shall be chargeable therewith. In all proceedings relative to the levy, assessment or collection of taxes, and any entries required to be made by any officer or by the clerk of the court, letters, figures and characters may be used to denote townships, ranges, sections, parts of sections, lots or blocks, or parts thereof, the year or the years for which the taxes were due, and the amount of taxes, assessments, penalties, interest and costs. Whenever the abbreviation "do," or character ".,," or any other similar abbreviations or characters shall be used in any such proceedings, they shall be construed and held as meaning and being the same name, word, initial, letters, abbreviations, figure or figures, as the last preceding such "do," and ".,," or other similar characters. [Cf. L. '93, p. 367, § 97; L. '97, p. 180, § 93.]

In an action to foreclose the county's lien for taxes under delinquency certificates, capital letters and figures standing alone may be used to describe the tracts, where they are abbreviations commonly understood in their relations to each other in the description of lands, in view of this section: *Washington Timber etc. Co. v. Smith*, 34 Wash. 625, 76 Pac. 267.

The personal property taxes of the owner of the record title to real property may be charged against the realty: *Callison v. Smith*, 44 Wash. 202, 87 Pac. 120.

The lien of personal property taxes does not attach to realty until specific realty is selected by the county treasurer and properly charged on the rolls: *Scandinavian-Am. Bank v. King County*, 92 Wash. 650, 159 Pac. 786.

§ 11284. [9246.] Removal of Personal Property to Another County.

If any person, firm or corporation shall remove from one county to another in this state personal property which has been assessed in the former county for a tax which is unpaid at the time of such removal, the treasurer of the county from which the property is removed shall certify to the treasurer of the county to which the property has been removed a statement of the tax together with all delinquencies and penalties. [L. '99, p. 43, § 1.]

§ 11285. [9247.] Delinquent Tax Certified to Other County.

The treasurer of any county of this state shall have the power to certify a statement of taxes and delinquencies of any person, firm, company or corporation, or of any tax on personal property together with all penalties and delinquencies, which statement shall be under seal and contain a transcript of the warrant of collection and so much of the tax-roll as shall affect the person, firm, company or corporation or personal property to the treasurer of any other county of this state, wherein any such person, firm, company or corporation has any real or personal property. [L. '99, p. 43, § 2.]

§ 11286. [9248.] Collection—Proceeds to County Where Assessed.

The treasurer of any county of this state receiving the certified statement provided for in sections 11284 and 11285, shall have the same power to collect the taxes, penalties and delinquencies so certified as he has to collect the personal taxes levied on personal property in his own county, and as soon as the said taxes are collected they shall be remitted, less the cost of collecting same, to the treasurer of the county to which said taxes belong, by the treasurer collecting them, and he shall return a certified copy of the certified statement to the auditor of the county to which the taxes belong, together with a certified statement of the amount remitted to the said treasurer. [L. '99, p. 44, § 3.]

§ 11287. [9249.] Distraint—Property About to be Removed or Dissipated.

Whenever in the judgment of the assessor or the county treasurer personal property is being removed or is about to be removed without the limits of the state, or is being dissipated or about to be dissipated, the treasurer shall immediately distraint sufficient of said property to pay the taxes upon all the property being removed or about to be removed, is being dissipated or about to be dissipated, together with all accruing costs with interest, and shall advertise and sell said property as provided in section 11257. Inadequacy of price is not ground for setting aside a regular sale of personal property for delinquent taxes: *J. K. Lumber Co. v. Ash*, 104 Wash. 388, 176 Pac. 550.

A sale of the personal property of a logging company consisting of a railroad, locomotives, cars and equipment at different places is not void because not made in parcels and because it was not exhibited to purchasers, where bids in parcels were called for and none received and where there was no one place where it could all have been collected for exhibition with any likelihood of attracting more bidders: *J. K. Lumber Co. v. Ash*, 104 Wash. 388, 176 Pac. 550.

§ 11288. [9250.] Computation of Tax.

If said personal property is being removed or is about to be removed from the limits of the state, is being dissipated or about to be dissipated at any time subsequent to the first day of March of any year, and prior to the levy of taxes thereon the tax upon such property so distrained shall be computed upon the rate of levy for state, county and local purposes for the preceding year. CHAPTER XIII.

CERTIFICATES OF DELINQUENCY, FORECLOSURE, TAX DEEDS, ETC.

[L. '05, p. 252, § 1.]

§ 11290. [9252.*] Certificates of Delinquency, Guaranty of Sale.

On the first business day after the expiration of the eleven months after the taxes charged against any real property are delinquent, the board of county commissioners shall determine whether it will be for the best interest of the county to carry or further carry the delinquent taxes on the books of the county or to permit certificates of delinquency for the same to be sold to any person, and should it be deemed advisable to permit the sale of certificates of delinquency they shall pass a resolution to that effect and publish a copy of the same in the next issue of the official newspaper of the county and on the first day of the month next following, the treasurer shall have the right, and it shall be his duty, upon demand and payment of the taxes and interest, to make out and issue a certificate or certificates of delinquency against such property and such certificate or certificates shall be numbered and have a stub, which shall be a summary of the certificate and shall contain a statement: (1) Description of the property assessed. (2) Year or years for which assessed. (3) Amount of tax and interest due. (4) Name of owner, or reputed owner, if known. (5) Rate of interest the certificates shall bear. (6) The time when a deed may be had, if not sooner redeemed. (7) When a certificate of any preceding year is outstanding and unredeemed, it shall be stated in subsequent certificates issued, and the principal sum due with date of issue. (8) A guaranty of the county or municipality to which the tax is due that if for any irregularity of the taxing officers this certificate be void, then such county or municipality will repay the holder the sum paid thereon with interest at the rate of six per cent per annum from the date of the issuance: Provided, that nothing herein contained shall prevent the running of interest during the said period of twelve months from the date of delinquency, at the rate of interest provided by law on delinquent taxes: Provided, further, that all certificates of delinquency sold to persons shall be registered by the county treasurer in a book provided for that purpose, in which shall also be recorded the name and address of the purchaser of each certificate of delinquency. Thereafter at any time before the expiration of three years from the original date of delinquency of any tax included in a certificate of delinquency issued to a person, the owner of the property may pay to the county treasurer the amount of taxes due for one or more subsequent years, with delinquent interest, if any, to the date of payment, and if the same shall have been paid by the holder of the certificates of delinquency the county treasurer shall forward the amount

of payment or payments made by such owner to the holder of the certificate of delinquency at his registered address. The payment of taxes for such subsequent year or years shall thereby extend the time of the foreclosure of the particular certificate of delinquency one year for each subsequent year's taxes so paid. [L. '17, p. 583, § 2; L. '97, p. 181, § 94; L. '03, p. 384, § 1; L. '07, p. 453, § 1.]

§ 11291. [9253.*] Interest on—Effect of Certificate.

Certificate of delinquency shall bear interest, from the date of issuance till redeemed, at the rate of twelve per cent per annum, and shall be sold to any person applying therefor, upon the payment of the value in principal and interest thereof: Provided, that when, from the failure of the taxing officers to do or perform any act in listing or assessing property, or in issuing such certificates, the same is declared void and the same is redeemed by the county or municipality issuing the same, such rate of interest shall be six per cent per annum.

Certificates of delinquency shall be prima facie evidence that—

1. The property described was subject to taxation at the time the same was assessed;
2. The property was assessed as required by law;
3. The taxes or assessments were not paid at any time before the issuance of the certificate;
4. Such certificate shall have the same force and effect as a judgment execution and sale of and against the premises included therein. [L. '17, p. 585, § 3; L. '97, p. 181, § 95.]

This section reducing the rate of interest operates upon certificates issued prior to the taking effect of the act, since the

rights of the certificate holder are not contractual; but it is wholly prospective from and after the date of its taking effect: *Security Sav. Society v. Spokane County*, 111 Wash. 35, 189 Pac. 260.

§ 11292. [9254.] Foreclosure of Certificate—Procedure.

Any time after the expiration of three years from the original date of delinquency of any tax included in a certificate of delinquency, the holder of any certificate of delinquency may give notice to the owner of the property described in such certificate that he will apply to the superior court of the county in which such property is situated for a judg-

ment foreclosing the lien against the property mentioned herein. Such notice shall contain—

(1) The title of the court, the description of the property and the name of the owner thereof, if known, the name of the holder of the certificate, the date thereof, and the amount for which it was issued, the year or years for the delinquent taxes for which it was issued, the amount of all taxes paid for prior or subsequent years, and the rate of interest on said amount.

(2) A direction to the owner summoning him to appear within sixty days after service of the summons, exclusive of the day of service, and defend the action or pay the amount due, and when service is made by publication a direction to the owner, summoning him to appear within sixty days after the date of the first publication of the summons, exclusive of the day of said first publication, and defend the action or pay the amount due.

(4) The summons shall be subscribed by the holder of the certificate of delinquency, or by some one in his behalf, and residing within the state of Washington, and upon whom all process may be served.

(5) A copy of said notice shall be delivered to the county treasurer. Thereafter when any owner of real property or person interested therein seeks to redeem as provided in section 11297, the treasurer shall ascertain the amount of costs accrued in foreclosing said certificate and include said costs as a part of the redemption required to be paid. The publication of the summons or notice required by this section shall be made by the county treasurer in the official newspaper of the county: Provided, the price charged by any such newspaper for such publication, for the whole number of issues, shall not exceed in any case the price stated in the contract of the county with such newspaper for county printing, and that, if such publication cannot be made in said newspaper at said price, the county treasurer may cause such publication to be made in any other newspaper printed, published and of general circulation in the county, at a cost for the whole number of issues not to exceed in any case the maximum rate for county printing fixed by contract for such year. § 11298. [9260.] Judgment and Order of Sale for Taxes.

The court shall examine each application for judgment foreclosing tax lien, and if defense (specifying in writing the particular cause of objection) be offered by any person interested in any of said lands or lots to the entry of judgment against the same, the court shall hear and determine the matter in a summary manner, without other pleadings, and shall pronounce judgment as the right of the case may be; or said court may, in its discretion, continue such individual cases, wherein defense is offered, to such time as it may be necessary, in order to secure substantial justice to the contestants therein; but in all other cases said court shall proceed to determine the matter in a summary manner as above specified. In all judicial proceedings of any kind for the collection of taxes, assessments, and penalties, interest and cost thereon, all amendments which by law can be made in any personal action pending in such court, and no assessments of property or charge for any of said taxes shall be considered illegal on account of any irregularity in the tax lists or assessment-rolls or on account of the assessment-rolls or tax lists not having been made, completed or returned within the time required by law, or on account of the property having been charged or listed in the assessment or tax lists without name or any other name than that of the owner, and no error or informality in the proceedings of any of the officers connected with the assessment, levying or collection of the taxes, shall vitiate or in any manner affect the tax or the assessment thereof, and any irregularities or informality in the assessment-rolls or tax lists or in any of the proceedings connected with the assessment or levy of such taxes or any omission or defective act of any officer or officers connected with the assessment or levying of such taxes, may be, in the discretion of the court, corrected, supplied and made to conform to the law by the court. The court shall give judgment for such taxes, assessments, penalties, interest and cost as shall appear to be due upon the several lots or tracts described in said notice of application for judgment or complaint, and such judgment shall be a several judgment against each tract or lot or part of a tract or lot for each kind of tax or assessment included therein, including all penalties, interest and costs, and the court shall order and direct the clerk to make out and enter an order for the sale of such real property against which judgment is made, or vacate and set aside the certificate of delinquency or make such other order or judgment as in the law or equity may be just. Said order shall be signed by the judge of the superior court and attested by the clerk thereof, and a certified copy of said order, together with the list of the property therein ordered sold, shall be delivered to the county treasurer, and shall be full and sufficient authority for him to proceed to sell said property or so much of each tract or lot as may be necessary for said sum as set forth in said order and to take such further steps in the matter as are provided by law: Provided, however, that before such sale shall be held, the county treasurer shall notify the record owner of such real estate of the pending sale, or in case of unknown owner shall post a notice of same in some public place at the county courthouse. The county treasurer shall immediately after receiving the order and judg-

ment of the court proceed to sell said property as provided in this act. All sales shall be made on Saturday between the hours of 9 o'clock in the morning and 4 o'clock in the afternoon, and shall continue from day to day (Sundays excepted) during the same hours until all lots or tracts are sold, after first giving notice of the time and place where such sale is to take place for ten days successively by posting notice thereof in three public places in such county, one of which shall be in the office of said treasurer. Said notice shall be substantially in the following form:

The deed so made by the county treasurer, under the official seal of his office, shall be recorded in the same manner as other conveyances of real estate, and shall vest in the grantee, his heirs and assigns the title to the property therein described, without further acknowledgment or evidence of such conveyance, and shall be substantially in the following form:

§ 11299. [9261.] Appeals to Supreme Court.

Appeals from the judgment of the court may be taken to the supreme court at any time within thirty days after the rendition of said judgment by giving notice thereof orally in open court at the time of the rendition of the judgment, or by giving written notice thereof at any time thereafter, and within thirty days from the date of the rendition of such judgment, and the party taking such appeal shall execute, serve and file a bond payable to the state of Washington, with two or more sureties, to be approved by the court, in an amount to be fixed by the court, conditioned that the appellant shall prosecute his said appeal with effect, and will pay the amount of any taxes, assessments, penalties, interest and costs which may be finally adjudged against the real estate involved in the appeal by any court having jurisdiction of the cause, which bond shall be so served and filed at the time of the service of said notice of appeal, and the respondent may, within five days after the service of such bond, object to the sureties thereon, or to the form and substance of such bond, in the court in which the action is pending, and if, upon hearing of such objections to said bond, it is determined by the court that the sureties thereon are insufficient for any reason, or that the bond is defective for any other reason, the court shall direct a new bond to be executed with sureties thereon, to be justified before the court as in bail upon arrest but no appeal shall be allowed from any judgment for the sale of land or lot for taxes, and no bond given on appeal as herein provided shall operate as a supersedeas, unless the party taking such appeal shall before the time of giving notice of such appeal, and within thirty days herein allowed within which to appeal, deposit with the county treasurer of the county in which the land or lots are situated, an amount of money equal to the amount of the judgment and costs rendered in such cause by the trial court. If, in case of an appeal, the judgment of the lower court shall be affirmed, in whole or in part, the supreme court shall enter judgment for the amount of taxes, interest and costs, with damages not to exceed twenty per cent, and shall order that the amount deposited with the treasurer as aforesaid, or so much thereof as may be necessary, be credited upon the judgment so rendered, and execution shall issue for the balance of said judgment, damages and costs. The clerk of the supreme court shall transmit to the county treasurer of the county in which the land or lots are situated a certified copy of the order of affirmance, and it shall be the duty of such county treasurer upon receiving the same to apply so much of the amount deposited with him, as aforesaid, as shall be necessary to satisfy the amount of the judgment of the supreme court, and to account for the same as collected taxes. If the judgment of the superior court shall be reversed and the cause remanded for a rehearing, and if upon a rehearing, judgment shall be rendered for the sale of the land or lots for taxes, or any part thereof, and such judgment be not appealed from, as herein provided,

the clerk of such superior court shall certify to the county treasurer the amount of such judgment, and thereupon it shall be the duty of the county treasurer to certify to the county clerk the amount deposited with him, as aforesaid, and the county clerk shall credit the same judgment with the amount of such deposit, or so much thereof as will satisfy the judgment, and the county treasurer shall be chargeable and accountable for the amount so credited as collected taxes. Nothing herein shall be construed as requiring an additional deposit in case of more than one appeal being prosecuted in said proceeding. If, upon a final hearing, judgment shall be refused for the sale of the land or lots for the taxes, penalties, interest and costs, or any part thereof, in said proceedings, the county treasurer shall pay over to the party who shall have made such deposit, or his legally authorized agent or representative, the amount of the deposit, or so much thereof as shall remain after the satisfaction of the judgment against the land or lots in respect to which such deposit shall have been made. Said holder of a certificate of delinquency permitting a subsequent certificate to issue on the same property, shall, on notice from the county treasurer, surrender said certificate of delinquency on payment to him of the redemption money paid by the subsequent purchaser: Provided, that this section shall not apply to counties or municipalities. § 11301. [9263.] Books as Evidence—Treasurer shall Turn Over Moneys to Successor.

The books and records belonging to the office of county treasurer, certified by said treasurer, shall be deemed prima facie evidence to prove

the issuance of any certificate, the sale of any land or lot for taxes or assessments, the redemption of the same or payment of taxes or assessments thereon. The county treasurer shall, at the expiration of his term of office, pay over to his successor in office all moneys in his hands received for redemption from sale for taxes on real estate. [L. '93, p. 379, § 123; L. '97, p. 189, § 108.]

§ 11302. [9264.] **Erroneous Sale.**

Whenever it shall be made to appear to the satisfaction of a county treasurer that any tract or lot was sold which was not subject to be taxed or upon which taxes or assessments have been paid previous to the sale, he shall make an entry opposite to such tracts or lots in the sale or redemption record that the same was erroneously sold, and such entry shall be prima facie evidence of the fact therein stated. § 11303. [9265.] **Effect of Redemption.**

The receipt of the redemption money of any tract or lot by any purchaser, or by the county treasurer for the benefit of such purchaser or the return of the certificate of delinquency for cancellation, shall operate as a release of all the claims to said tract under or by virtue of the issuance of said certificate of delinquency, and the county treasurer, upon the receipt of any such redemption money, shall immediately indorse upon the proper records the fact that such taxes, penalties, interest and cost have been paid and the property therein described redeemed by said payment, and shall deliver to the person redeeming the same a certificate of redemption therefor. In case any person shall be compelled to publish a notice in a newspaper under the provisions of this chapter, then, before any person who may have a right to redeem lands or lots from sale shall be permitted to redeem, he shall pay to the officer who by law is authorized to receive such redemption money the amount paid for publishing such notice for the use of the person compelled to publish such notice, as aforesaid, the fee for such publication. § 11305. [9267.] **Deeds Prima Facie Evidence.**

Deeds executed by the county treasurer, as aforesaid, shall be prima facie evidence in all controversies and suits in relation to the right of the purchaser, his heirs and assigns, to the real estate thereby conveyed of the following facts:—

First: That the real estate conveyed was subject to taxation at the time the same was assessed, and had been listed and assessed in the time and manner required by law;

Second: That the taxes or assessments were not paid at any time before the issuance of deed;

Third: That the real estate conveyed had not been redeemed from the sale at the date of the deed;

Fourth: That the real estate was sold for taxes, assessments, penalties and costs, as stated in the deed;

Fifth: That the grantee in the deed was the purchaser, or assignee of the purchaser;

Sixth: That the sale was conducted in the manner required by law.

And any judgment for the deed to real estate sold for delinquent taxes rendered after the passage of this act, except as otherwise provided in this section, shall estop all parties from raising any objections thereto, or to a tax title based thereon, which existed at or before the rendition of such judgment, and could have been presented as a defense to the application for such judgment in the court wherein the same was rendered, and as to all such questions the judgment itself shall be conclusive evidence of its regularity and validity in all collateral proceedings, except in cases where the tax or assessments have been paid, or the real estate was not liable to the tax or assessment. § 11306. [9268.] Procedure as to Taxes of Former Years.

All lots, tracts, and parcels of land upon which taxes remain due and unpaid at the date of the approval of this act, except the taxes for the year 1898, shall be deemed to be delinquent under the provisions of this act, under [and] the same proceedings may be had to enforce the payment of such unpaid taxes, with penalty, interest and cost, and payment enforced and liens foreclosed under and by virtue of the provisions of this act. For purposes of foreclosure under this act, the date of delinquency shall be construed to mean the date when the taxes first became delinquent; Provided, that on all certificates of delinquency issued for the taxes of 1895 and prior years, proceedings for foreclosure under the provisions of this act may commence on and after December 1, 1900,

and not sooner; and on certificates of delinquency for 1895, and prior years, held by the county, proceedings must be commenced on or before the first day of January, 1902, by the several county treasurers under the provisions of this act. At all sales of property for which certificates of delinquency are held by the county if no other bids are received, the county shall be considered a bidder for the full area of each tract or lot to the amount of all taxes, penalties, interests and costs due thereon, and where no bidder appears, acquire title thereto as absolutely as if purchased by an individual under the provisions of this act; "all bidders except the county at sales of property for which certificates of delinquency are held by the county shall pay the full amount of taxes, penalties, interests and costs for which judgment is rendered, together with all taxes, interests, [and] costs for all subsequent years due on said property at the date of sale." [L. '01, p. 386, § 4. Cf. L. '93, p. 385, § 136; L. '97, p. 192, § 116; L. '99, p. 303, § 24.]

Where, in a general county foreclosure of delinquent taxes for a certain year, the published description in the summons did not describe the property the same

as on the tax-rolls for that year, the foreclosure is not rendered valid by the fact that the property was described on the tax-rolls for subsequent years the same as in the published notice, although this section requires the plaintiff to pay such subsequent taxes: *Moller v. Graham*, 106 Wash. 205, 179 Pac. 858.

§ 11307. [9269.] Fees of Officers.

(1) The treasurer shall upon the issuance of a certificate of delinquency collect fifty cents. (2) For making a deed, to include not more than ten tracts or lots, including all services rendered, including sales and posting notices, three dollars. (3) The clerk of the court shall upon filing application for judgment and for all services rendered to and including judgments, collect two dollars. (4) The clerk of the court shall collect from each contestant at time of filing such contest, five dollars. [L. '97, p. 193, § 119; L. '99, p. 304, § 26.]

• § 11308. [9270.] Property Deeded to County, not to be Assessed.

All property deeded to the county under the provisions of this act shall be stricken from the tax-rolls as county property and exempt from taxation and shall not be again assessed or taxed while the property of the county. [L. '99, p. 304, § 27.]

§ 11309. [9271.] Proceeds of Sale of Property for Taxes.

No claims shall ever be allowed against the county from any municipality, school district, road district or other taxing district for taxes levied on property acquired by the county by tax deed under the provisions of this act, but all taxes shall at the time of deeding said property be thereby canceled: Provided, that the proceeds of any sale of any property acquired by the county by tax deed shall be justly apportioned to the various funds existing at the date of the sale, in the

territory in which such property is located, according to the tax levies of the year last in process of collection. [L. '99, p. 304, § 28.]

§ 11310. [9272.] Resale of Tax Title Lands Acquired by County.

Real property hereafter or heretofore acquired by the several counties of the state of Washington for taxes shall be subject to sale by order of the board of county commissioners of the several counties of this state at any time after the counties shall have received a deed therefor, when in the judgment of the board of county commissioners they deem it for the best interests of the county to sell the same, and when the board of county commissioners desires to sell any property so acquired, they shall enter an order upon their records directing the county treasurer to sell such portions of such property as they may determine to sell from time to time, and it shall be the duty of the county treasurer upon receipt of such order to publish a notice of the sale of such property in a weekly newspaper printed and published in the county where the land is situated for three consecutive publications: Provided, that in counties where there is no newspaper published, the treasurer of such county shall cause such notice to be published in some newspaper in the state of general circulation in such county having no resident newspaper, and the property to be sold shall be set forth and described in said notice, together with the time and place and terms of sale, which said sale shall be made at the door of the county courthouse in the county in which the land is situated between the hours of 9 o'clock A. M. and 4 o'clock P. M., and all sales so made shall be for cash to the highest and best bidder at such sale, and sales to be made under the provisions of this act may be adjourned from day to day by the county treasurer by public announcement made by the treasurer at the time and place designated in the notice of such sale, or at the time and place to which said sale may be adjourned, and the county treasurer shall make and execute under his hand and seal to the purchaser of the property at such sale a deed: Provided, further, that all sales now being made under existing laws shall be completed according to the laws in existence and in force prior to the passage of this act. [L. '99, p. 305, § 29; L. '03, p. 73, § 1.]

"This act": See note to § 11306.

Under this section the county commissioners have power to order a sale fixing a minimum price below which bids will not be received; and were it otherwise the restriction could not be treated as surplusage, and a sale for a less sum upheld, since the board did not exercise its discretion to order an unqualified sale: State ex rel. Mackay v. Phillips, 36 Wash. 651, 79 Pac. 313.

The board of county commissioners, as the business managers of the county, have the power in ordering sales of county property, to require that the sales shall be subject to their approval, under

this section: Phillips v. Welts, 40 Wash. 501, 82 Pac. 737.

A bid for county real estate, offered for sale at public auction, does not constitute a contract which can be specifically enforced, where the county treasurer refused to accept the bid or strike off the property: McPherson Bros. Co. v. Okanogan County, 45 Wash. 285, 88 Pac. 199, 9 L. R. A. (N. S.) 748.

Upon an auction sale of county real property, the county treasurer has discretionary power to refuse to accept a bid which in his judgment is not made in good faith or would sacrifice the property: McPherson Bros. Co. v. Okanogan County, 45 Wash. 285, 88 Pac. 199, 9 L. R. A. (N. S.) 748.

§ 11311. [9273.] Deed of Treasurer—Form.

The county treasurer shall issue a deed in the following form for all lots or parcels of real estate sold under the provisions of the act:

State of Washington, }
County of —, } ss.

This indenture, made this — day of —, 19—, between — as treasurer of — county, state of Washington, the party of the first part, and —, party of the second part:

Witnesseth, that whereas, at a public sale of real estate, held on the — day of —, A. D. 19—, pursuant to an order of the board of county commissioners of the county of —, state of Washington, duly made and entered, and after having first given due notice of the time, and place and terms of said sale, and, whereas, in pursuance of said order of the said board of county commissioners, and of the laws of the state of Washington, and for and in consideration of the sum of — dollars, lawful money of the United States of America, to me in hand paid, the receipt whereof is hereby acknowledged, I have this day sold to — the following described real estate, and which said real estate is the property of — county, and which is particularly described as follows, to wit: —, the said — being the highest and best bidder at said sale, and the said sum being the highest and best sum bid at said sale:

Now, therefore, know ye that I, —, county treasurer of said county of —, state of Washington, in consideration of the premises and by virtue of the statutes of the state of Washington, in such cases made and provided, do hereby grant and convey unto —, — heirs and assigns, forever, the said real estate hereinbefore described, as fully and completely as the said party of the first part can by virtue of the premises convey the same.

Given under my hand and seal of office this — day of —, A. D. 190—.

County Treasurer.
By —, Deputy.

[L. '03, p. 76, § 5.]

"This act," chapter 59 of the laws of 1903.

It is doubtful if this section is in force, for there is no mention of this subject in the title of the act unless it can be construed as "amending § 29" (the last previous section), which was already expressly amended by § 1 of the act. This was the evident intention, and the same is therefore retained.

§ 11312. [9274.] Mining Claims Acquired by County for Taxes, Lease of.

The commissioners of any of the counties of the state of Washington which have acquired, or which may hereafter acquire, mining claims or properties through the nonpayment of taxes may, when they deem it most advantageous for the county, lease, to the highest and best bidder at public auction with or without an option to purchase, said mining claims or properties or any part thereof, instead of selling the same at public sale: Provided, said lease shall require the payment of royalties on all ore or minerals taken from said mineral claims or properties in such amount and upon such terms and conditions as said commissioners shall deem for the best interest of said county. At least thirty days' notice of the time and place where said lands will be offered for lease shall be given by the commissioners by two publications in some weekly newspaper published in the county where such lands are situated. [L. '07, p. 53, § 1.]

§ 11313. [9275.] Terms of Lease—Option to Purchase.

When said commissioners, in their discretion decide to lease said claims or properties as provided in section 11312, they shall enter an order to that effect upon their records and shall fix the duration and terms and conditions of said lease, and in case an option to purchase is given shall fix the purchase price, which shall not be less than the total amount of the taxes, interest and penalties due at the time the property was acquired by the county, and may provide that any royalties paid shall apply and be credited on the purchase price, and said lease or lease and option shall be signed and executed on behalf of said county by said commissioners, or a majority of them. [L. '07, p. 54, § 2.]

§ 11314. [9276.] Sale and Conveyance.

Upon payment of the full purchase price, in cases where an option to purchase is given, a conveyance shall be executed to the purchaser by the chairman of the board of county commissioners. Such conveyance shall refer to the order of the board authorizing such leasing with the option to purchase, and shall be deemed to convey all the estate, right, title and interest of the county in and to the property sold; and such conveyance, when executed, shall be conclusive evidence of the regularity and validity of all proceedings hereunder. [L. '07, p. 54, § 3.]

§ 11315. [9277.] Taxes Paid by Mistake—Reimbursement.

If any property owner shall pay taxes on the property of another by mistake of any kind, and the owner of such property fails or refuses, after thirty days' demand, to reimburse such payor before the date on which the delinquency certificates are issued, as provided in this chapter, the payor, or his assignee, may surrender the tax receipt given for such tax payment to the county treasurer and take a certificate of delinquency in lieu thereof, on payment of the accrued interest thereon. CHAPTER XIV.

ASSESSMENT AND COLLECTION OF TAXES IN CITIES OF FIRST CLASS.

§ 11318. [9280.] Assessments in Cities of the First Class.

It shall be the duty of the county assessor in each county in which there is a city of the first class, as soon as the county and state boards of equalization have finally fixed the valuation of the property in such county for state and county taxation in each year, to certify to the city comptroller of each city of the first class in such county a summary of the valuation of all real estate and personal property in such city, or subject to taxation therein, as shown by the assessment-roll of such county, as finally fixed by the said boards, and also a list of all residents of such city liable to pay a poll tax. It shall be the duty of the county assessor in making up his assessment-roll for the county to place the property within the limits of any such city subject to taxation therein in as compact a form as practicable on said roll, so that the city taxes

THE VOTE ON ORGANIZATION.

§ 11360. [9322.] Petition for Township Organization.

When at least thirty days before a general election one hundred or more qualified electors of any county in this state present a petition in writing, signed by them, to the board of county commissioners of their county, asking that the question of township organization in said county be submitted to a vote of the people at the next general election, it shall be the duty of said commissioners to submit the question of adopting township organization in said county to the vote of the electors thereof at the first general election held after such petition is presented to said board of commissioners. [L. '95, p. 472, § 1.]

See Const., Art. XI, § 4, township organizations to be provided for.

Cited in 49 Wash. 72; 97 Wash. 146; 100 Wash. 268; 106 Wash. 519.

Townships are liable for the defective condition of their highways: Orrock v. South Moran Township, 97 Wash. 144, 165 Pac. 1096; Nipges v. Mountain View Township, 100 Wash. 268, 170 Pac. 560.

Const., Art. II, § 4, requires that a township election carry by a vote of a majority of the qualified voters voting at the general election: State ex rel. Milliken v. Board of Commrs., 49 Wash. 70, 94 Pac. 897.

§ 11361. [9323.] County Commissioners to Examine Petition and Order Election.

Upon such petition being filed with the clerk of the board of county commissioners, it shall be the duty of the said board to examine said petition, and if they find that it has been signed by the requisite number of electors of said county, said board shall, by an order to be entered on their minutes, direct that the question of adopting township organization shall be submitted to the voters of said county at the next general election; said order shall direct that after the names of the candidates for office to be voted for at the next general election, and after any question directed by the state to be voted on, there shall be printed on the ballots the words, "For township organization," and "Against township organization." [L. '95, p. 473, § 2.]

§ 11362. [9324.] Ballots—Requisites of.

The clerk of the board of county commissioners shall, on preparing the ballots for the general election to be held next after the said petition has been so presented, have the words "For township organization," and "Against township organization" printed on said ballots as above directed. At said election the votes on said question shall be returned by the judges and clerks of election, and shall be canvassed along with the rest of the election returns. [L. '95, p. 473, § 3.]

CHAPTER II.**DIVISION OF COUNTIES INTO TOWNSHIPS.****§ 11363. [9325.] Division, How Made.**

Should the majority of the votes cast on the question of township organization be in favor thereof, it shall be the duty of the board of county commissioners, at their next meeting after such election, or as soon thereafter as practicable, to divide all the surveyed portion of the county, outside of incorporated cities, towns and villages, into organized townships. In making such division the county commissioners shall see that each organized township has at least twenty-five inhabitants who are legal voters, and they shall pay due regard to the lines of congressional townships, but wherever it shall be most convenient for the inhabitants of two or more congressional townships, or portions thereof adjoining each other, that they should be formed into one organized township, the county commissioners may organize a township out of such adjacent congressional townships or portions thereof, and a congressional township may be divided among two or more organized townships. Thereafter, when any township has been surveyed, it shall either be organized into a township or be attached to another township or townships. When any unsurveyed tract of land in a county has a sufficient number of inhabitants who are legal voters to be organized into a township, the board of county commissioners may organize such tract into a township, or any unsurveyed tract may be annexed to an adjoining township. Said board shall fix and determine the boundaries of each of such townships, and shall name the same; and said board shall make a full report of all their proceedings in relation

to laying out said towns, and shall have said report entered in full upon their minutes. [L. '95, p. 473, § 4.]

Cited in 49 Wash. 73.

§ 11364. [9326.] Dividing Towns.

When rivers or lakes or mountains so divide a township as to make it inconvenient to do town business, the said commissioners may dispose of any fraction so formed by annexing the same to an adjoining township in the same county, if it shall seem to them proper, whenever petitioned to do so by not less than two-thirds of the legal voters residing in such fraction, and the fact that such petition is signed by two-thirds of such voters may be proved by the affidavit of any legal voter residing in such fraction and having knowledge of the fact; and any township having two or more villages, each containing two hundred or more inhabitants, may petition the county commissioners for a division. When the county commissioners are so petitioned, they may, if they think the interest of such town will be subserved thereby, proceed to divide such townships in such manner as will best suit the inhabitants thereof: Provided, however, that at least twenty days' notice shall first be given by the county commissioners to the chairman of the board of supervisors of each township affected by the change before action is taken thereon: Provided further, that nothing herein contained shall be construed to release any property in or belonging to that part of any township so detached from any tax levied or assessed prior to such division being made: Provided, that the part of any town annexed to any other town, and any village or city separated from any town under the provisions of this title shall not be released from or in any way discharged from the payment of any bonded or other indebtedness that may exist against the town from which separation has been made. [L. '95, p. 474, § 5.]

§ 11365. [9327.] Towns to be Named.

Towns thus formed shall be named by the county commissioners in accordance with the expressed wish of a majority of the legal voters resident therein; but if they fail to so designate the name, the county commissioners may select a name. [L. '95, p. 475, § 6.]

§ 11366. [9328.] Abstract of Report to State Auditor.

Each county auditor shall, within thirty days after such town is organized, transmit by mail to the auditor of the state an abstract of such report, giving the bounds of each town, and the name designated: and said county auditor shall record, in a book for that purpose, a full description of each town. [L. '95, p. 475, § 7.]

§ 11367. [9329.] Towns Having the Same Name—Proceedings.

If the auditor of state, on comparing the abstract of the reports from the several counties, finds that any two or more townships have the same name, he shall transmit to the auditor of the proper county the name of the town to be altered; and the board of commissioners shall, at their next meeting thereafter, adopt for such town some name different

pleted. The canvass shall be conducted by taking a ballot at a time from the ballot-box and counting until the number of ballots is equal to the number of names on the poll-list; and if there are any left in the box they shall be immediately destroyed; and the person having the greatest number of votes for any office shall be declared duly elected: Provided, that if two or more persons have an equal and the highest number of votes for any office the judges of election shall at once publicly, by lot, determine who of such persons shall be declared elected. If, on opening the ballots, two or more ballots are found to be so folded that it is apparent that the same person voted them, the board shall destroy such votes immediately. [L. '95, p. 482, § 30.]

other duties as are contemplated by this act and directed by said board of township supervisors. And such board of supervisors shall be authorized, in the expenditure of such funds for any of the purposes aforesaid, to co-operate with the board of county commissioners of the county acting under the provisions of sections 9625 to 9628 in making new improvements and to enter into contracts with the county to pay a certain portion of the cost of any improvements made by the county. [L. '19, p. 263, § 2; L. '11, p. 113, § 1. Cf. L. '95, p. 486, § 48; L. '09, p. 76, § 4.]

§ 11462. [9419.] Papers, How Served.

In legal proceedings against a town by name, all papers shall be served on the chairman of the board of supervisors, and, in case of his absence, on the town clerk; and whenever any action or proceeding is commenced, said chairman shall attend to the defense thereof, and lay before the electors of the town, at the first town meeting, a full statement of such proceedings, for their direction in regard to the defense thereof. [L. '95, p. 503, § 99.]

§ 11464. [9421.] Action to Recover Penalty by Trespass.

If payment is not made within thirty days after the time fixed by law for the county treasurer to pay over to the town treasurer the money in his hands belonging to such town, levied for the purpose of paying such judgment, next after the rendition of such judgment, execution may be issued on such judgment, but only town property shall be liable thereon. § 11467. [9424.] Tax Levied to Pay Judgment, When.

If judgment for the recovery of money is rendered against any town, and the judgment is not satisfied, or proceedings thereon stayed by appeal or otherwise, before the next annual meeting of said town, a certified copy of the judgment may be presented to said town at said annual meeting. The supervisors of the town shall thereupon cause the amount due on the judgment, with interest from the date of its recovery, to be added to the tax of said town, and the same certified to the county auditor, and collected as other town taxes are collected. [L. '95, p. 504, § 104.]

§ 11486. [9440.] Survey and Plat.

Said council must cause a survey to be made by some competent person, of the lands which the inhabitants of said city or town may be entitled to claim under the said act of congress, located according to the legal subdivisions of the sections and by the section lines of the United States, and the same must be distinctly marked by suitable monuments; such survey must further particularly designate all streets, roads, lanes and alleys, public squares, churches, school lots, cemeteries, commons and levees as the same exist and have been heretofore dedicated in any manner to public use, and by measurement the precise boundaries and area of each, and every lot or parcel of land and premises claimed by any person, corporations or associations within said city or town site must, as far as known by the surveyor, be designated on the plat, showing the name or names of the possessor or occupants and claimants, and in case of any disputed claim as to lots, lands, premises or boundaries the said surveyor, if the same be demanded by any person, shall designate the lines in different color from the body of the plat of such part of any premises so disputed or claimed adversely. § 11494. [9448.] Claims Filed With Town Clerk—Fees and Assessments.

Every person, company, corporation or association claimant of any city or town lot or parcel of land within the limits of such city or townsite, must present to the council, by filing the same with the clerk thereof, within three months after the patent (or certified copy thereof) from the United States has been filed in the office of the county auditor, his, her, its or their affidavit, (or by guardian or next friend where the claimant is under disability), verified in person or by duly authorized agent, attorney, guardian or next friend, in which must be concisely stated the facts constituting the possession or right of possession of the claimant, and that the claimant is entitled to the possession thereof and to a deed therefor as against all other persons, to the best of his knowledge and belief, and stating who was an occupant of such lot or parcel of land at the time of the entry of such townsite at the United States land office, to which must be attached a copy of so much of the plat of said city or townsite as will fully exhibit the particular lot or parcel of land so claimed, and every such claimant, at the time of filing such affidavit, must pay to such clerk such sum of money as said clerk shall certify to be due for the assessment mentioned in the preceding section, together with the further sum of four dollars, to be appropriated to the payment of expenses incurred in carrying out the provisions of this act, and the said clerk must thereupon give to such claimant a certificate, attested by the corporate seal, containing a description of the lot or parcel of land claimed, and setting forth the amounts paid thereon by such claimant. The council of every such city or town must procure a bound book, wherein the clerk must make proper entries of the substantial matters contained in every such certificate issued by him, numbering the same in consecutive order, setting forth the name of the claimant or claimants in full, date of issue, and description of lot or lands claimed. [L. '09. p. 825, § 10.]

§ 11495. [9449.] Additional Assessments.

If it is found that the amounts hereinbefore specified as assessments and fees for costs and expenses prove to be insufficient to cover and defray all the necessary expenses, the council must estimate the deficiency and assess such deficiency pro rata upon all the lots and parcels of

land in such city or town, and declare the same upon the basis set down in section 11494 of this title, which additional amount, if any, may be paid by the claimant at the time when the certificate hereinafter [hereinbefore] mentioned, or at the time when the deed of conveyance hereinbefore [hereinafter] provided for, is issued. [L. '09, p. 826, § 11.]

§ 11496. [9450.] Deed to Claimants—Actions Contesting Title—Limitations.

At the expiration of six months after the time of filing of such patent, or a certified copy thereof in the office of the county auditor, if there has been no adverse claim filed in the meantime, the council must execute and deliver to such claimant, his or her, its or their heirs, executors, administrators, grantees, successors or assigns a good and sufficient deed of the premises described in the application of the claimant originally filed, if proper proof shall have been made, which said deed must be signed and acknowledged by the mayor or other presiding officer of the council, and attested by the corporate seal of such city or town. No conveyance of any such lands made as in this act provided, concludes the rights of third persons, but such third persons may have their action in the premises, to determine their alleged interest in such lands and their right to the legal title thereto against such grantee, his, or her, its or their heirs, successors or assigns, to which they may deem themselves entitled either in law or in equity; but no action for the recovery or possession of such premises, or any portion thereof, or to establish the right to the legal title thereto, must be maintained in any court against the grantee named therein, or against his, her, its or their legal representatives or assigns, unless such action shall be commenced within six months after such deed shall have been filed for record in the office of the county auditor of the county where such lands are situate; nothing herein shall be construed to extend the time of limitation prescribed by law for the commencement of actions upon the possessory claim or title to real estate, when such action is barred by law at the time of the passage of this title. [L. '09, p. 826, § 12.]

§ 11497. [9451.] Entries on Mineral Lands—Rights of Mineral Claimant.

Townsite entries may be made by incorporated towns or cities on the mineral lands of the United States, but no title shall be acquired by such towns or cities to any vein of gold, silver, cinnabar, copper or lead, or to any valid mining claim or possession held under existing law. When mineral veins are possessed within the limits of an incorporated town or city, and such possession is recognized by local authority or by the laws of the United States, the title to town lots shall be subject to such recognized possession and the necessary use thereof and when entry has been made or patent issued for such townsites to such incorporated town or city, the possessor of such mineral vein may enter and receive patent for such mineral vein, and the surface ground appertaining thereto: Provided, that no entry shall be made by such mineral vein claimant for surface ground where the owner or occupier of the surface ground shall have had possession of the same before the inception of the title of the mineral vein applicant. [L. '09, p. 827, § 13.]

§ 11498. [9452.] Conflicting Claims—Procedure.

In all cases of adverse claims or disputes arising out of conflicting claims to lands or concerning boundary lines, the adverse claimants may submit the decision thereof to the council of such city or town by an agreement in writing specifying particularly the subject matter in dispute, and may agree that their decision shall be final. The council must hear the proofs, and shall order a deed to be executed or denied in accordance with the facts; but in all other cases of adverse claims, the party out of possession shall commence his action in a court of competent jurisdiction within six months after the time of filing of the patent from the United States (or a certified copy thereof), in the office of the county auditor. In case such action be commenced, the plaintiff must serve a notice of lis pendens upon the mayor, who must thereupon stay all proceedings in the matter of granting any deed to the land in dispute until the final decision in such suit; and upon presentation of a certified copy of the final judgment of such court in such action, the council must cause to be executed and delivered a deed of such premises, in accordance with the judgment, adjudging the claimant to have been an occupant of any particular lot or lots at the time of the entry of such townsite in the United States land office, or to be the successor in interest of such occupant. If in any action brought under this title, or under said acts of congress, the right to the ground in controversy shall not be established by either party, the court or jury shall so find and judgment shall be entered accordingly. In such case costs shall not be allowed to either party, and neither party shall be entitled to a deed to the ground in controversy, and in such action it shall be incumbent upon each claimant to establish that he, she or it was an occupant of the ground in controversy within the meaning of the said acts of congress at the time of the entry of said townsite in the United States land office, or is the successor in interest of such occupant. [L. '09, p. 827, § 14.]

If any person, company, association or any other claimant of lands in such city or town fails, neglects or refuses to make application to the council for a deed of conveyance to the lands so claimed, and to pay the sums of money specified in this title, within three months after filing of such patent, or a certified copy thereof, in the office of the county auditor, shall be deemed to have abandoned the same and to have forfeited all right, title and interest therein or thereto both in law and in equity as against the trustee of said townsite, and such abandoned or forfeited lot or lots shall be sold as unoccupied lands, and the proceeds thereof placed in the special fund in this title mentioned. [L. '09, p. 828, § 15.]

§ 11500. [9454.] Sale of Unoccupied Lots—Notice—Minimum Price.

All lots in such city or townsite which were unoccupied at the time of the entry of said townsite in the United States land office shall be sold by the corporate authorities of such city or town, or under their direction, at public auction to the highest bidder for cash, each lot to be sold separately, and notice of such sale or sales shall be given by posting five written or printed notices in public places within said townsite, giving the time and particular place of sale, which notices must be posted for at least thirty days prior to the date of said sale, and by publishing a like notice for four consecutive weeks prior to such sale in a newspaper published in such city or town, or, if no such newspaper be published in such city or town, then in some newspaper having general circulation in such city or town, and deeds shall be given therefor to the several purchasers: Provided, that no such unoccupied lot shall be sold for less than five dollars in addition to an assessment equivalent to assessment provided in section 11493, and all moneys arising from such sale, after deducting the costs and expenses of such sale or sales, shall be placed in the treasury of such city or town. All lots or parcels of land reserved or occupied for municipal purposes must be conveyed to such city or town without cost or charge of any kind whatever. All expenses necessarily incurred or contracted by the carrying into effect of the provisions of this act are a charge against the city or town on behalf of which the work was done, and such expenses necessarily incurred, either before or after the incorporation thereof, shall be paid out of the treasury of such city or town upon the order of the council thereof; and all moneys paid for lands or to defray the expenses of carrying into effect the provisions of this act shall be paid into the city or town treasury by the officer or officers receiving the same, and shall constitute a special fund, from which shall be paid all expenses, and the surplus, if any there be, shall be expended under the direction of the city or town council for public improvements in such city or town. [L. '09, p. 829, § 17.]

§ 11502. [9456.] Informalities not to Invalidate.

No mere informality, failure or omission on the part of any of the persons or officers named in this title invalidates the acts of such person or officer; but every certificate or deed granted to any person pursuant to the provisions of this title is prima facie evidence that all preliminary proceedings in relation thereto have been correctly taken and performed, and that the recitals therein are true and correct. [L. '09, p. 830, § 18.]

§ 11503. [9457.] Duties of Corporate Authorities.

Such corporate authorities shall promptly execute and perform all duties imposed upon them by the provisions of this title. [L. '09, p. 830, § 19.]

§ 11504. [9458.] Proof.

No deed to any lot or parcel of land in such townsite entry shall be made or delivered to any alleged occupant thereof before proof shall have been made under oath showing such claimant to have been an occupant of such lot or parcel of land within the meaning of said laws of congress at the time of the entry of such townsite at the proper United States land office, but the grantees, heirs, successors in interest or assigns of such occupant of any lot, as such, may receive such deed. [L. '09, p. 830, § 20.]

of such premises may be conveyed in one deed; which moneys so assessed must constitute a fund from which must be reimbursed or paid the moneys necessary to pay the government of the United States for said townsite lands, and interest thereon, if such moneys have been loaned or advanced for the purpose and expense of their location, entry and purchase, and cost and expenses attendant upon the making of such survey, plats, publishing and recording, including a reasonable attorney's fee for legal services necessarily performed, and the persons or occupants in such townsite procuring said townsite entry to be made, may employ an attorney to assist them in so doing and to assist such judge in the execution of his trust, and he shall be allowed by such judge out of said fund a reasonable compensation for his services. [L. '09, p. 835, § 30.]

§ 11515. [9469.] Claims—Filing, Requisites, Fee, Records.

Every person, company, corporation, or association, claimant of any town lot or parcel of land, within the limits of such townsite, must present to such judge, within three months after the patent (or a certified copy thereof), from the United States has been filed in the office of the county auditor, his, her, its or their affidavit, (or by guardian or next friend where the claimant is under disability), verified in person, or by duly authorized agent or attorney, guardian or next friend, in which must be concisely stated the facts constituting the possession or right of possession of the claimant and that the claimant is entitled to the possession thereof and to a deed therefor as against all other persons or claimants, to the best of his knowledge and belief, and in which must be stated who was an occupant of such lot or parcel of land at the time of the entry of such townsite at the United States land office, to which must be attached a copy of so much of the plat of said townsite as will fully exhibit the particular lots or parcels of land so claimed; and every such claimant, at the time of presenting and filing such affidavit with said judge, must pay to such judge such sum of money as said judge shall certify to be due for the assessment mentioned in section 11514. together with the further sum of four dollars, to be appropriated to the payment of cost and expenses incurred in carrying out the provisions of this title, and the said judge must thereupon give to such claimant a certificate, signed by him and attested by the seal of the superior court, containing a description of the lot or parcel of land claimed, and setting forth the amounts paid thereon by such claimant. Such judge must procure a bound book for each unincorporated government townsite in his county wherein he must make proper entries of the substantial matters contained in such certificate issued by him, numbering the same in consecutive order, setting forth the name of the claimant or claimants in full, date of issue, and description of the lot or lands claimed. [L. '09, p. 836, § 31.]

If it is found that the amounts hereinbefore specified as assessments and fees for costs and expenses, prove to be insufficient to cover and defray all the necessary expenses, the said judge must estimate the

deficiency and assess such deficiency pro rata upon all the lots and parcels of land in such government townsite, and declare the same upon the basis set down in section 11514; which additional amount, if any, may be paid by the claimant at the time when the certificate hereinbefore mentioned, or at the time when the deed of conveyance hereinafter provided for, is issued. No conveyance of any such lands made as in this title provided, concludes the rights of third persons; but such third persons may have their action in the premises, to determine their alleged interest in such lands, and their right to the legal title thereto, against such grantee, his, her, its or their heirs, executors, administrators, successors or assigns, to which they may deem themselves entitled, either in law or in equity; but no action for the recovery or possession of such premises, or any portion thereof, or to establish the right to the legal title thereto, must be maintained in any court against the grantee named therein, or against his, her, its or their heirs, executors, administrators, successors or assigns, unless such action shall be commenced within six months after such deed shall have been filed for record in the office of the county auditor of the county where such lands are situated; nothing herein shall be construed to extend the time of limitation prescribed by law for the commencement of actions upon a possessory claim or title to real estate, when such action is barred by law at the time of the taking effect of this act. Townsite entries may be made by such judge on mineral lands of the United States, but no title shall be acquired by such judge to any vein of gold, silver, cinnabar, copper or lead, or to any valid mining claim or possession held under existing laws. When mineral veins are possessed within the limits of an unincorporated town, and such possession is recognized by local authority, or by the laws of the United States, the title to town lots shall be subject to such recognized possession and the necessary use thereof, and when entry has been made or patent issued for such townsite to such judge, the possessor of such mineral vein may enter and receive patent for such mineral vein, and the surface ground appertaining thereto: Provided, that no entry shall be made by such mineral vein claimant for surface ground where the owner or occupier of the surface ground shall have had possession of the same before the inception of the title of the mineral vein applicant. The said judge must hear the proofs, and shall execute a deed or deny the execution of a deed in accordance with the facts; but in all other cases of adverse claims the party out of possession shall commence his action in a court of competent jurisdiction within six months after the filing of the patent (or a certified copy thereof) from the United States, in the office of the county auditor. In case such action be commenced within the time herein limited, the plaintiff must serve notice of his pendency upon such judge, who must thereupon stay all proceedings in the matter of granting or executing any deed to the land in dispute until the final decision in such suit; upon presentation of a certified copy of the final judgment in such action, such judge must execute and deliver a deed of the premises, in accordance with the judgment, adjudging the claimant to have been an occupant of any particular lot or lots at the time of the entry of such townsite in the United States land office, or to be the successor in interest of such occupant. [L. '09, p. 839, § 36.]

§ 11521. [9475.] Notice of Filing of Patent.

Said judge must promptly give public notice by advertising for four weeks in any newspaper published in such town, or if there be no newspaper published in such town, then by publication in some newspaper having general circulation in such town, and not less than five written or printed notices must be posted in public places within the limits of such townsite; such notice must state that the patent for said townsite (or a certified copy thereof) has been filed in the county auditor's office. sums of money specified in this act, within three months after the filing of such patent, or a certified copy thereof, in the office of the county auditor, shall be deemed to have abandoned the claim to such land and to have forfeited all right, title, claim and interest therein or thereto both in law and in equity as against the trustee of said townsite, and such abandoned or forfeited lot or lots may be sold by such trustee as unoccupied lands, and the proceeds thereof placed in the fund heretofore mentioned in this title. [L. '09, p. 840, § 38.]

§ 11549. [9503-1.] "Public Terminal Warehouse" Defined—Classification.

The term "public terminal warehouse" wherever used in this act shall be held and construed to mean any elevator or warehouse located in the cities of Tacoma, Seattle and Everett, or at any other point in the state which may hereafter be designated as a terminal point by the public service commission of Washington, in which grain is received from the public for storage and the grain of different owners mixed together or stored in special piles or bins and for which receipts are issued covering the grain received.

Public terminal grain warehouses shall be of two classes, to wit: "Class A" grain warehouses and "Class B" grain warehouses. Class A grain warehouses shall include all warehouses the proprietors of which shall elect to take licenses under the provisions of this act relative to grain warehouses issuing registered grain warehouse receipts. All other public terminal warehouses shall be known as Class B grain warehouses. [L. '15, p. 538, § 1.]

§ 11550. [9503-2.] Licenses Required—Fees—Bond—Revocation—Appeal.

The proprietor, lessee or manager of every public terminal grain warehouse shall, before transacting any business as warehouseman, procure from the public service commission of Washington, annually, before the first day of July of each year, a license permitting said proprietor, lessee or manager to transact business as a public terminal grain warehouseman, which license shall be issued upon a written application therefor, setting forth the location and name of the grain warehouse and the capacity thereof in tons of grain, and the name or names of each person

interested as owner or proprietor in the management of the same, or if the warehouse be owned or managed by a corporation the name of the corporation and of the president, secretary and treasurer of such corporation shall be stated. For each license issued under the provisions of this act, the applicant therefor shall pay a fee of five dollars, and shall execute and file with the public service commission of Washington a bond to the state of Washington, with good and sufficient surety, to be approved by the commission, in a penal sum to be fixed by the commission based upon the capacity of the warehouse, but in no case less than ten thousand dollars, conditioned for the faithful compliance by the principal with all of the provisions of this act, and for the faithful performance of the duties of the principal as a public terminal grain warehouseman, and for the payment of all damages that may be recovered against him for any failure in the performance of his duty as a public terminal grain warehouseman.

All licenses issued under the provisions of this act shall be revocable by the public service commission of Washington, after a full hearing, upon satisfactory proof of any violation of the law governing public terminal grain warehouses, and evidence may be taken at such hearing in such manner as may be directed by and under the rules adopted by the public service commission of Washington. From any decision of the public service commission of Washington refusing to grant or revoking a license, an appeal may be taken by the person aggrieved by such decision to the superior court of the county where the warehouse for which a license was applied for and refused, or the license of which was revoked is situated. [L. '15, p. 538, § 2.]

See *infra*, §§ 10783, 10784, duties devolve upon director of public works.

It shall be unlawful for any person, firm or corporation to transact the business of a public terminal grain warehouseman, without first procuring a license, as hereinabove provided, or to continue to transact business after any such license has been revoked: Provided, that a warehouseman whose license has been revoked shall be permitted to deliver grain previously stored in his warehouse. [L. '15, p. 539, § 3.]

§ 11552. [9503-4.] Grain to be Inspected and Weighed.

It shall be unlawful for any grain warehouseman to receive in any public terminal grain warehouse any grain that has not been inspected and weighed in by a duly authorized grain inspector of the state of Washington, or to deliver out of any Class A grain warehouse any grain that has not been weighed out by a duly authorized state grain inspector. [L. '15, p. 540, § 4.]

§ 11553. [9503-5.] Registrar of Warehouse Receipts—Bond.

The chief clerk in the office of the grain inspector at each terminal point shall be *ex-officio* the registrar of warehouse receipts at that point

and shall receive in addition to his salary as chief clerk a salary of twenty-five dollars per month as registrar of warehouse receipts, and shall execute and file with the secretary of state an official bond in the penal sum of five thousand dollars, the premium for which shall be paid by the state, conditioned for the faithful performance of his duties in compliance with the provisions of this act. [L. '15, p. 540, § 5.]

§ 11554. [9503-6.] Class A Warehouse Receipts—Form and Registration.

It shall be the duty of every public terminal grain warehouseman conducting a Class A grain warehouse to, upon the receipt of any grain, issue or cause to be issued a receipt therefor in compliance with the "uniform warehouse receipts act" of Washington, and to within thirty-six hours file with the registrar of warehouse receipts, at the terminal point where such warehouse is situated, a report showing the amount of grain received, the name of the owner thereof, the numbers of the receipts issued therefor and the number and initial of the car, or name of the vessel from which the grain was received, accompanied by the warehouse receipts for registration. And it shall be unlawful for any grain warehouseman to limit or modify his responsibility as imposed by law, by any words inserted in any such receipt, or by any contract relative thereto. Upon the receipt of such report and warehouse receipts, it shall be the duty of the registrar of warehouse receipts to register such receipts in a book to be kept for that purpose and stamp on each of such receipts the word "Registered," with the date of registration and affix his signature thereto, and return said receipt to the warehouseman for delivery to the owner. [L. '15, p. 540, § 6.]

See supra, § 3588, form of receipts in general.

§ 11555. [9503-7.] Cancellation of Receipts.

Whenever the owner or any indorsee of any registered warehouse receipt shall desire to remove the grain represented thereby, or any part thereof, from the warehouse, or shall desire to divide one receipt into two or more receipts, or to consolidate two or more receipts into one, he shall present such receipts to the registrar of warehouse receipts to be registered for cancellation. Upon presentation of any such receipt or receipts for registration for cancellation, the registrar of warehouse receipts shall stamp thereon the words "Registered for Cancellation" with the date of presentation, and affix his signature thereto. [L. '15, p. 541, § 7.]

§ 11556. [9503-8.] Delivery of Grain—Receipts for Balances Undelivered.

It shall be unlawful for any warehouseman conducting a Class A warehouse to deliver from such warehouse any grain except upon the return of the registered receipt therefor stamped with the words "Registered for Cancellation" and bearing the date of registration for cancellation and the signature of the registrar of warehouse receipts. And it shall be the duty of the warehouseman or his duly authorized agent delivering any grain from a Class A grain warehouse to plainly stamp

across the face of the receipt therefor the word "canceled," sign and date the same and within thirty-six hours after the last of the grain has been delivered, file with the registrar of warehouse receipts a report giving the numbers of the receipts canceled, and the registrar shall upon the receipt of such report enter the fact of such cancellation in the record in his office. In case only a portion of the grain represented by any receipt canceled shall be delivered out of the warehouse, the warehouseman shall issue a receipt for the balance remaining in the warehouse, which receipt shall bear the same date as the original and shall state on its face that it is the balance of the receipt of the original number, and shall transmit such new receipt to the registrar of warehouse receipts for registration. Whenever the holder of two or more receipts shall present the same to a warehouseman stamped "Registered for Cancellation" and demand a consolidated receipt for the aggregate amount of such receipts, the warehouseman, or his duly authorized agent, shall stamp on the face of the receipts presented the word "canceled" and date and sign the same and issue a new receipt which shall express on its face the fact that it is a consolidation of other receipts, giving the numbers of the receipts so consolidated, and such new receipt shall bear the average date of the receipts canceled, as near as may be. [L. '15, p. 542, § 9.]

§ 11558. [9503-10.] Duty to Furnish Information to Registrar.

It shall be the duty of every warehouseman conducting a Class A grain warehouse, to, upon the demand of the registrar of warehouse receipts for the terminal point where such warehouse is situated, furnish such registrar in such form as he may require such information regarding receipts issued or canceled, or shipments of grain received or delivered, as may be necessary to enable the registrar to keep a full and correct record of all business transacted by said warehouse. [L. '15, p. 542, § 10.]

§ 11559. [9503-11.] Class B Warehouse Receipts—Inspection—Weighing.

§ 11561. [9503-13.] Duplicate Receipts in Case of Loss.

In case any warehouse receipt issued by a public terminal grain warehouse shall be lost or destroyed, the owner thereof shall be entitled to a duplicate receipt upon executing and delivering to the warehouseman issuing such receipt, a sufficient bond with good and sufficient surety to indemnify the warehouseman against any loss sustained by reason of the issuance of such duplicate receipt, and such duplicate receipt shall state that it is issued in lieu of the former receipt, giving the number and date thereof. The court may order the appellant upon application therefor, to execute and file such additional bond or bonds as the necessity of the case may require. Within three (3) days after such transcript is filed in the superior court, as aforesaid, the appellant shall give written notice to the head of the legal department of such water district, and to the city clerk, that such

transcript is filed. Said notice shall state a time (not less than three (3) days from the service thereof) when the appellant will call up the said cause for hearing; and the superior court shall, at said time or at such further time as may be fixed by order of the court, hear and determine such appeal without a jury; and such cause shall have preference over all civil causes pending in said court, except proceedings under an act relating to eminent domain in such water district and actions of forcible entry and detainer. The judgment of the court shall confirm, correct, modify or annul the assessment in so far as the same affects the property of the appellant. A certified copy of the decision of the court shall be filed with the officer who shall have custody of the assessment-roll, and he shall modify and correct such assessment-roll in accordance with such decision. An appeal shall lie to the supreme court from the judgment of the superior court, as in other cases: Provided, however, that such appeal must be taken within fifteen (15) days after the date of the entry of the judgment of such superior court; and the record and opening brief of the appellant in said cause shall be filed in the supreme court within sixty (60) days after the appeal shall have been taken by notice as provided in this act. The time for filing such record and serving and filing of briefs in this section prescribed may be extended by order of the superior court, or by stipulation of the parties concerned. And the supreme court, on such appeal may correct, change, modify, confirm or annul the assessment in so far as the same affects the property of the appellant. A certified copy of the order of the supreme court upon such appeal shall be filed with the officer having custody of such assessment-roll, who shall thereupon modify and correct such assessment-roll in accordance with such decision. No proceeding of any kind shall be commenced or prosecuted for the purpose of defeating or contesting any such assessment, or the sale of any property to pay such assessment, or any certificate of delinquency issued therefor, or the foreclosure of any lien issued therefor: Provided, that this section shall not be construed as prohibiting the bringing of injunction proceedings to prevent the sale of any real estate upon the grounds (1) that the property about to be sold does not appear upon the assessment-roll, or (2) that said assessment had been paid.
